website: hilaritaspress.com
email: info@hilaritaspress.com

Hilaritas Press was created by The Robert Anton Wilson Trust to ensure the works of Robert Anton Wilson (RAW) remain in print, and that his ideas are promoted through the publication of like-minded adventurous and futuristic thinkers. This catalog features books from Robert Anton Wilson, and we have begun our look for other adventurous writers by publishing books by Daisy Eris Campbell, Bobby Campbell, Timothy Leary, Robert Shea, Marlis Jermutus, Sebastián Marincolo, Eric Wagner and David Jay Brown and Rebecca McClen Novick. Stay tuned for more to come!

Prometheus Rising

Robert Anton Wilson

**We are all giants,
raised by pygmies,
who have learned to walk
with a perpetual mental crouch.**

***Unleashing our full stature –
our total brain power –
is what this book is all about.***

Robert Anton Wilson
Prometheus Rising

©HILARITAS PRESS

Prometheus Rising describes the landscape of human evolution and offers the reader an opportunity to become a conscious participant. In an astoundingly useful road map infused with humor and startling insight, Robert Anton Wilson presents the Eight Circuits of the Brain model as an essential guide in the effort to break free of imprinted and programmed behavior.

– Featuring a New Afterword by **Richard Rasa!**

“We’ve needed this for a long time.”

– **Henry Miller, author of *Tropic of Cancer* and other great books**

Cosmic Trigger 1

Final Secret of the Illuminati

Robert Anton Wilson

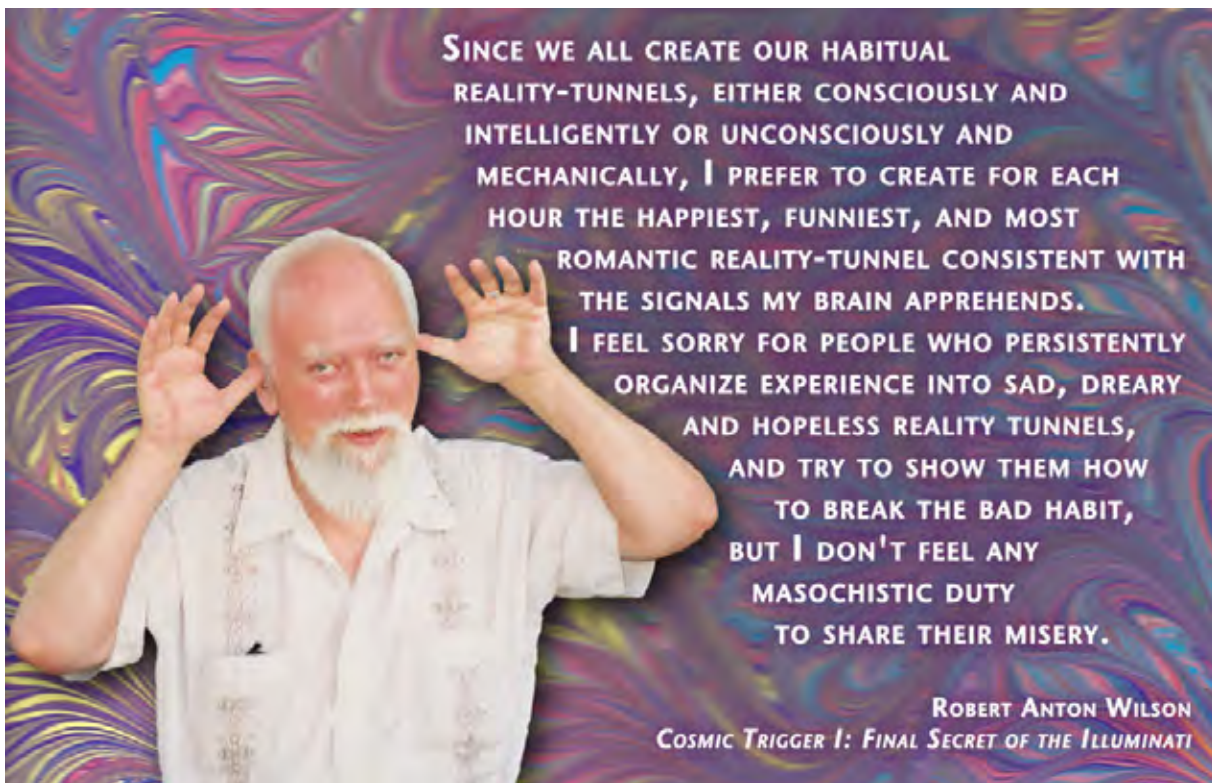

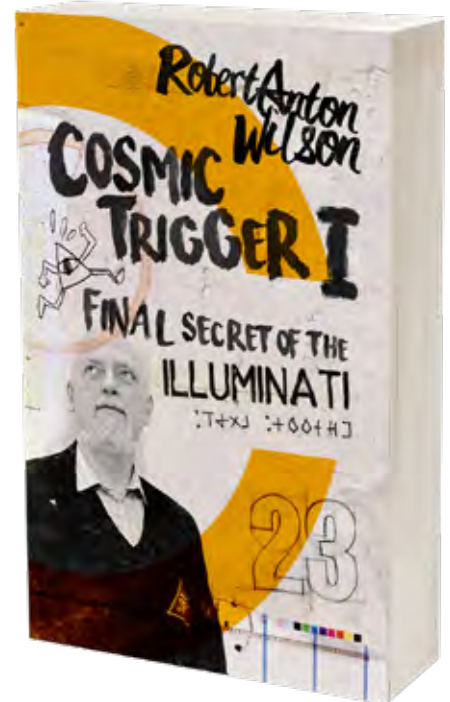

The great modern classic of a brilliant rebel's personal exploration into the nature of consciousness.

"*Cosmic Trigger* deals with a process of deliberately induced brain change. This process is called *initiation* or *vision quest* in many traditional societies and can loosely be considered some dangerous variety of self-psychotherapy in modern terminology. I do not recommend it for everybody . . . briefly, the main thing I learned in my experiments is that *reality* is always plural and mutable." – Robert Anton Wilson from the Preface

Featuring a New Introduction by **John Higgs!**

"I have learned more from Robert Anton Wilson than I have from any other source."

– Comedian **George Carlin.**

Also available as an audio book!

Cosmic Trigger 2

Down to Earth

Robert Anton Wilson

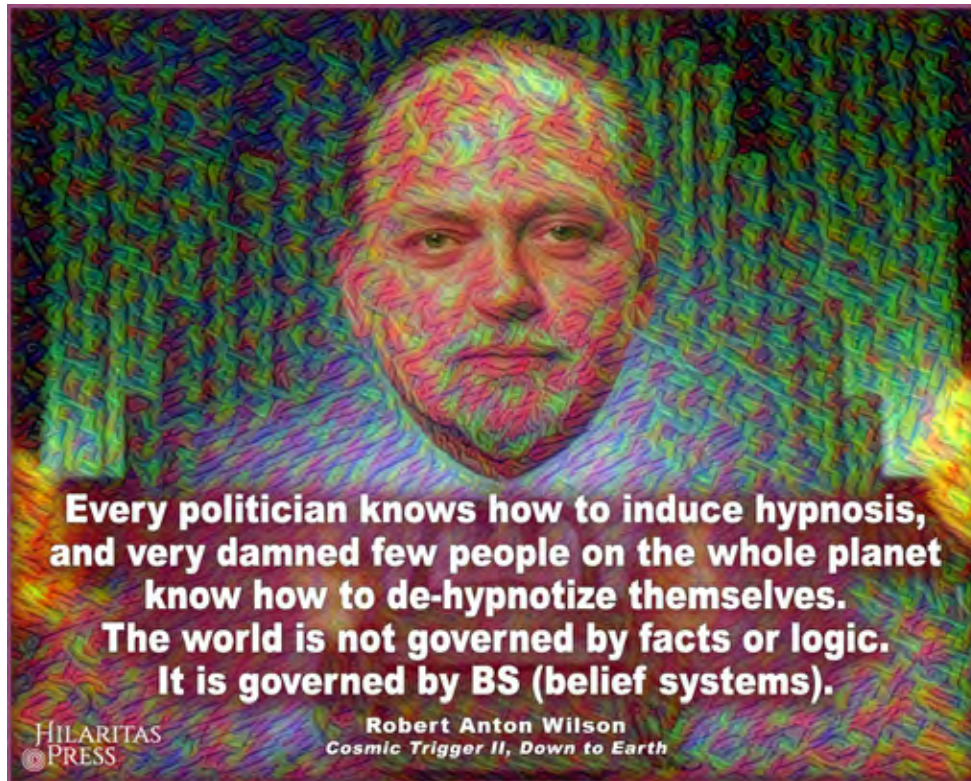

The roots of RAW's Model Agnosticism come alive in Volume Two! The first book in the *Cosmic Trigger* trilogy reveals the enlightening secret of the Illuminati while presenting the daunting metaphor of Chapel Perilous where the unprepared can get lost in a spirited journey. Volume Two of the series presents the metaphor of the Bridge and the lessons of Bob's early life that brought him to the wisdom of the Model Agnostic's perspective. In Bob's typical wide-ranging narratives, we learn, among other mind-blowing anecdotes, about the similarities between the Pope of Rome and the Wizard of Oz. Don't miss this explosion of thought, when for the second time, Bob pulls the Cosmic Trigger.

“A Super Genius . . .

He has written everything I was afraid to write.”

– Dr. John Lilly, writer, neuroscientist and psychonaut

Cosmic Trigger II

- Paperback : 323 pages
- ISBN-10 : 0998713465

Cosmic Trigger 3

My Life After Death

Robert Anton Wilson

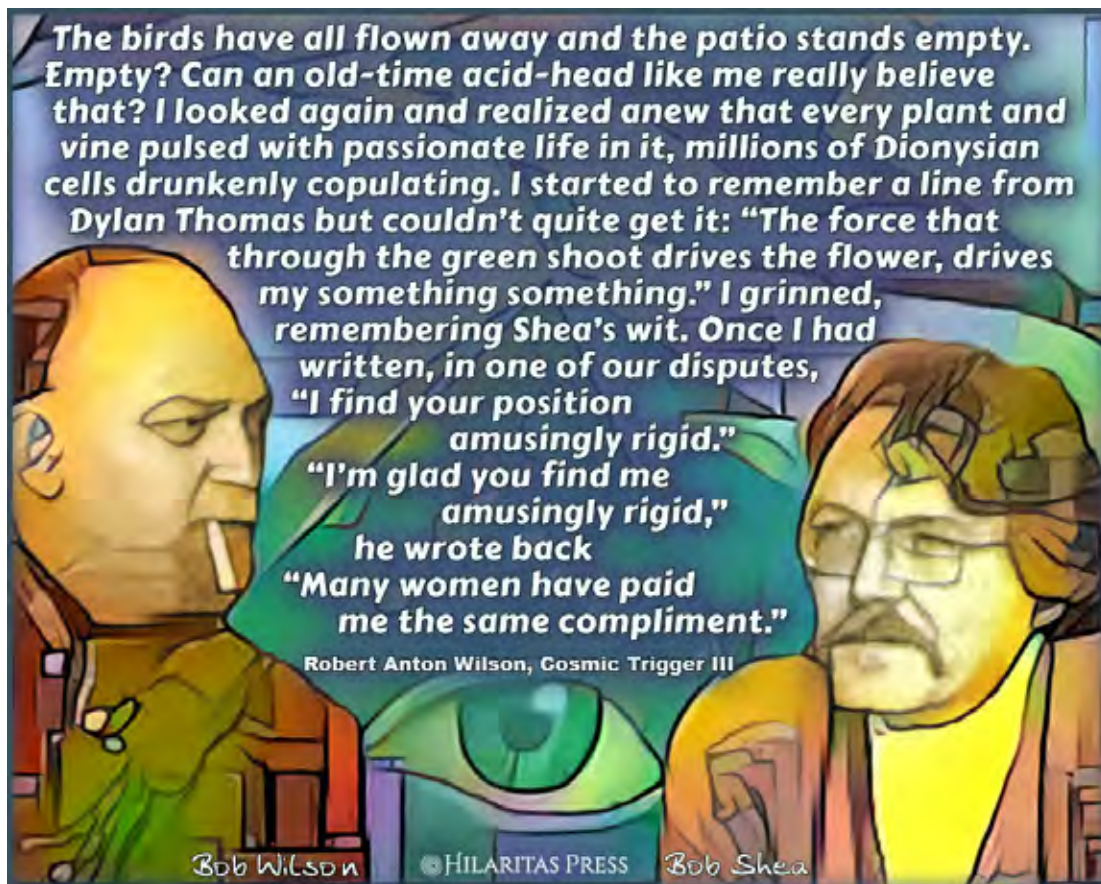

The first volume of the *Cosmic Trigger* series describes in vivid elucidation the perils of a spiritual journey. Volume two of the series presents the author's "bridge" – how did Bob grow into his expanded perspective of Multiverse.

In this third and final volume, Bob digs even deeper and uncovers the masks of reality and the reality of masks. Warning: this book may reveal more about what is "real" in reality than you might find comfortable!

**“A 21st Century Renaissance Man . . .
funny, wise and optimistic . . .
the Lenny Bruce of philosophers.”**

– Denver Post

Quantum Psychology

Robert Anton Wilson

Quantum Psychology offers a coherent and humorous description of how our thoughts, values and behaviors have been colored by our use of language and our prevailing view of the universe. While Quantum Mechanics, relativity, non-Euclidean geometries, non-Aristotelian logic and General Semantics have revolutionized our view of the world, the habits of daily human thought still sit deeply rooted in the thought patterns and linguistic conventions of the middle ages. Through an introduction to E-Prime (English without use of the verb “to be”), the Eight Circuits of the Brain Model, and the labyrinth of Quantum Mechanic’s various views of reality, *Quantum Psychology* can help your brain improve your perception of yourself and the world.

Featuring a New Introduction by **David Jay Brown!**

You can see this illustration two different ways. Can you see it both ways at the same time, or can you only change your mental focus rapidly and see it first one way and then the other way, in alteration?

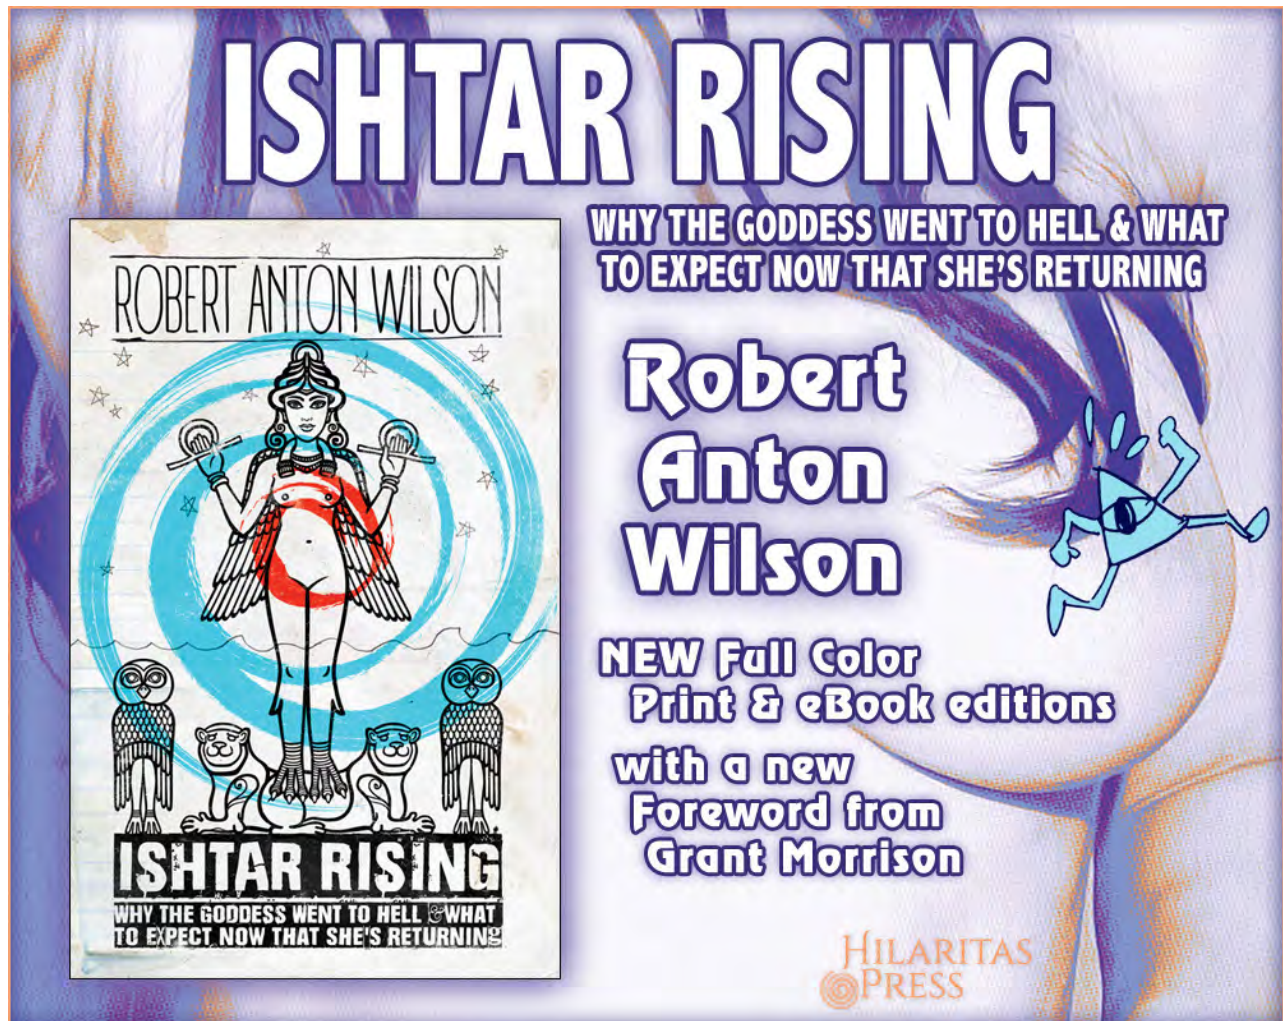

“Wilson managed to reverse every mental polarity in me, as if I had been pulled through infinity. I was astonished and delighted.”

– Philip K. Dick, author of VALIS, Do Androids Dream of Electric Sheep? (Blade Runner) and other great books

Quantum Psychology

- Paperback : 245 pages
- ISBN-10 : 0692767045
- ISBN-13 : 978-0692767047

© HILARITAS PRESS

“And herein lies both Wilson’s typically mischievous nature and serious intent — in its original, weaponized form, the book that became *Ishtar Rising* is nothing less than a mytho-feminist screed masquerading as an antique stroke book; a brilliant, compact summary of matrist attitudes, their cruel demotion and degradation, their struggle for survival, and their hoped-for triumphant restoration. *Ishtar* is a book of revealing — the undressing of the Goddess as she descends into the Underworld, where, shorn of the accoutrements of Divinity, she must confront her True Naked Being to survive the ordeal. It speaks also of the return of the repressed. The journey of the now-enlightened Goddess back from the murk and mysteries of the Nether World to Get Some Shit Tidied Up. It speaks from its rear-view mirror times of a still-overdue resurgence of connectivity, kindness, sex-positivity, respect for Nature and for Life. It wonders what a world ruled by the Goddess would look like, in contrast to those Dark Satanic Mills and centuries of slaughter presided over by an unforgiving God.”

– **Grant Morrison**, from his Foreword to *Ishtar Rising*

Ishtar Rising

- ISBN-13 : 978-1734473506

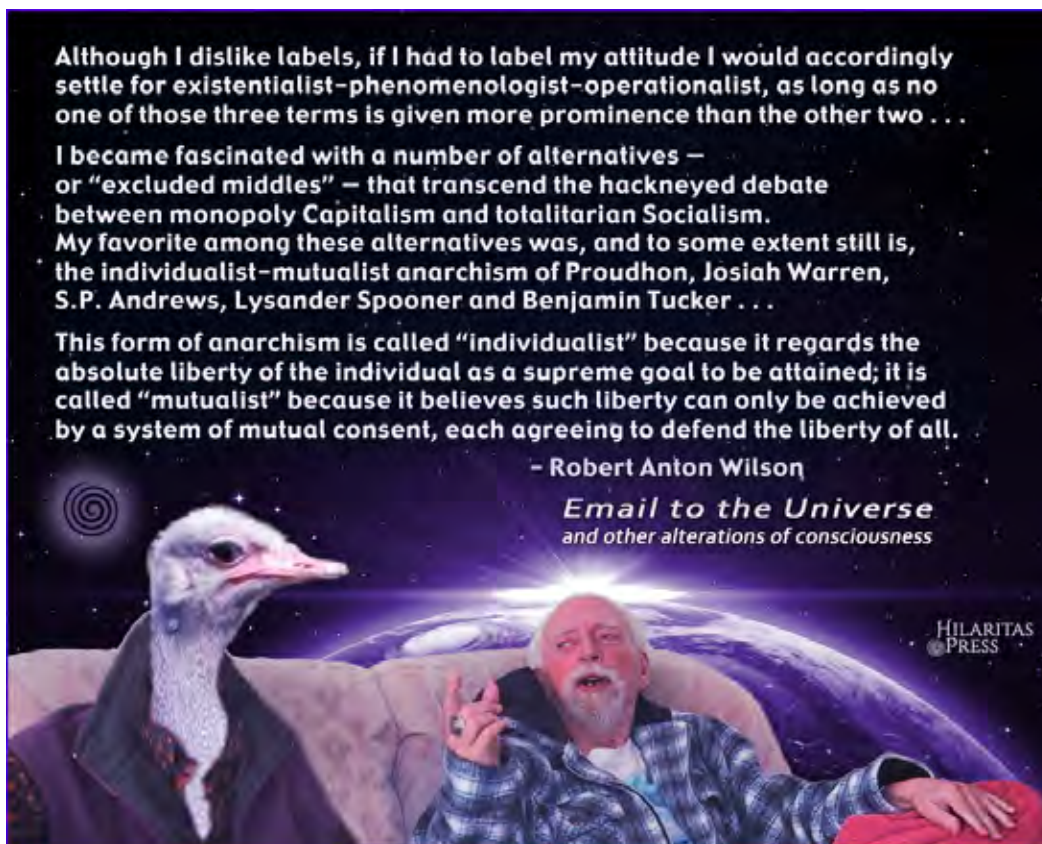

Email to the Universe

Robert Anton Wilson

Robert Anton Wilson's final book explores the "relativity of reality" in a mind-bending stream of essays. Among other topics, the master of guerrilla ontology examines The Celtic Roots Of Quantum Theory, Schrödinger's Other Cat, Joyce & Daoism, Sexual Alchemy, Left and Right: A Non-Euclidean Perspective, and Cheerful Reflections On Death And Dying. RAW's description of his run for Governor of California as the candidate for his Guns & Dope Party offers a delightfully absurd view of an improbable Maybe in terrestrial politics. "I wrote these polemics, poems, neurolinguistic experiments and assorted meanderings over a period of about 45 years," and in reflecting on this extraordinary collection of his writings, the brilliant and modest Model Agnostic adds, "I don't believe anything, but I have many suspicions . . . These suspicions have grown over 72 years, but as a rather slow and stupid fellow I do not have the Chutzpah to proclaim any of them as certitudes."

Featuring a New Introduction by **R. Michael Johnson**.
and **Paul Krassner's** "Keep the Lasagna Flying" Afterword!

Sex, Drugs and Magick

Robert Anton Wilson

A Journey Beyond Limits

A NEW EDITION FROM
©HILARITAS PRESS

Featuring New
Forewords & Afterwords
From These Magickal Voices:

GRANT MORRISON	RODNEY ORPHEUS
DAMIEN ECHOLS	ANDREW O'NEILL
PHIL FARBER	ALEXIS MINCOLLA
CAT VINCENT	ARDEN LEIGH

Training the rainbow searchlight of his signature wit and searing intelligence on what many of us might regard as the three main ingredients for a good night out, Wilson sets himself the task of examining and countering the misinformation and myths around the Sex, Drugs & Magick of the title, while making clear the ways in which each can be used separately but most importantly together as powerful practical pathways to transcendence and self-transformation. With guests including DeSade and Wilhelm Reich, Albert Hoffman, Crowley, Leary and Blake showing up to the speculative party at his place, the result is classic RAW, surveying the heights of the ecstatic experience with the mind of an engineer, the soul of a poet, and a droll, agnostic sense of humour. – Grant Morrison, innovative comic book writer and playwright

From A Natural Outlaw**

**RAW tackles reality itself,
and lays the groundwork
for his future writings
on Model Agnosticism.**

**This new edition features 12
additional pieces on the topic –
9 essays, 2 interviews
and a short story.**

**Who is the master
who makes the grass green?**

© HILARITAS PRESS

Every perception is a gamble, in which we see part, not all, (to see all requires omniscience) and “fill in” or project a convincing hologram out of minimal clues. We all intuitively know the obvious and correct answer to the Zen koan, “Who is the Master who makes the grass green?”

– Robert Anton Wilson, Natural Law

Today is Maybe Day, a day inspired by the late writer Robert Anton Wilson. It was his hope that on this day people of all creeds and beliefs would come together and chant, “Jesus is the only son of God, maybe” “Hear O Israel, the Lord thy God is one, maybe” and “There’s no God but Allah, maybe, and maybe Mohammed is his prophet.” At this point the world would suddenly become a far saner place.

– John Higgs, writing in The Guardian

Coincidence

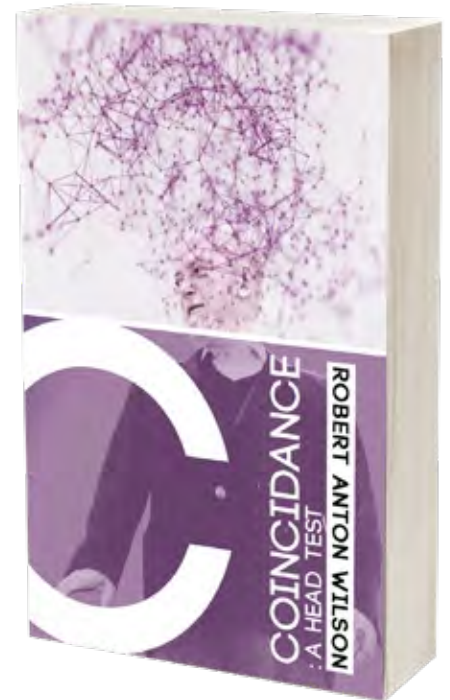

A Head Test

“This, for my money, is the most spectacular non-fiction work that Wilson ever penned, breathtakingly adventurous in both its content and its strikingly experimental form. Uncertain and demonstrably uncaring whether it’s a piece of literary criticism, metaphysical discussion or anthology of diverse esoteric writings, this remarkable compendium is best seen, in the spirit of its title, as a glorious accidental dance of meaning, modernism and mythology.”

– **Alan Moore**, from his introduction

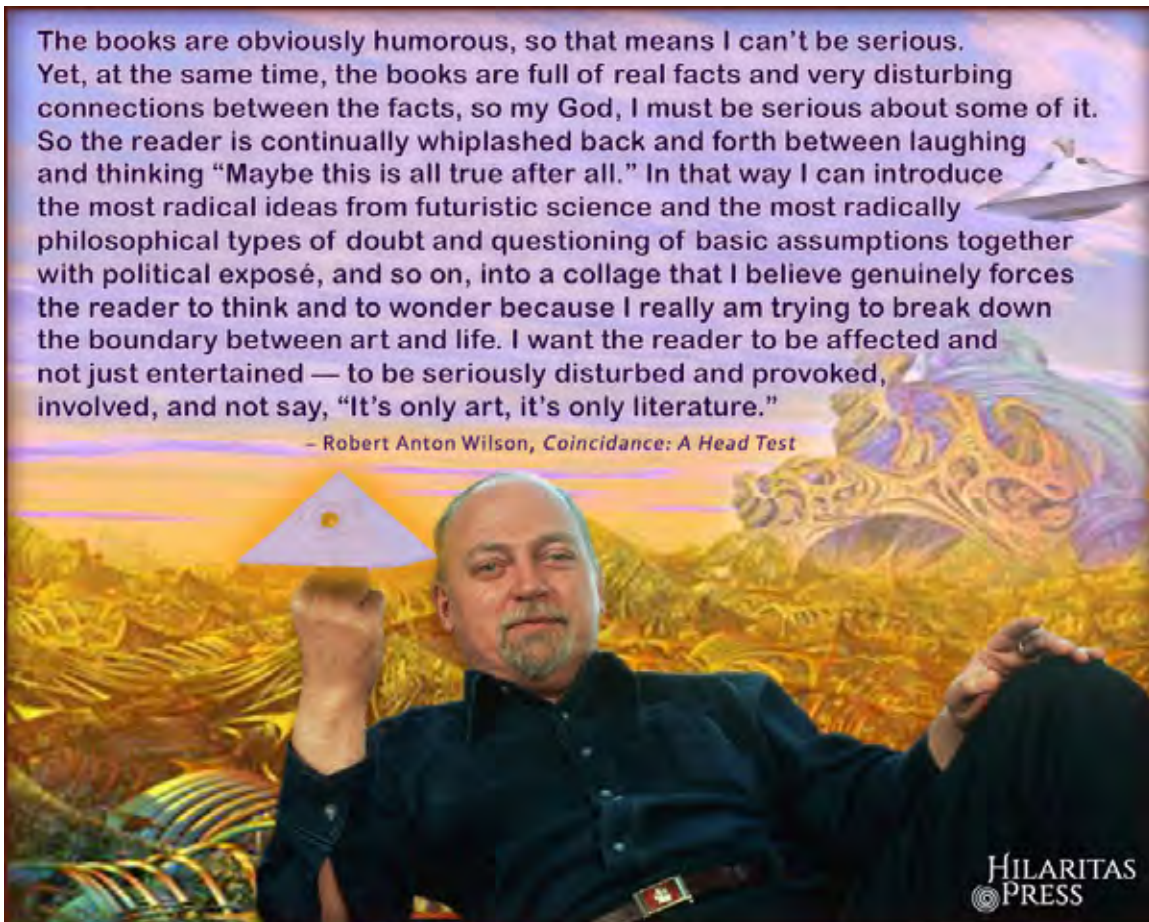

**Featuring a new introduction from Alan Moore,
and an extensive previously unpublished RAW interview!**

Robert Anton Wilson

The books are obviously humorous, so that means I can't be serious. Yet, at the same time, the books are full of real facts and very disturbing connections between the facts, so my God, I must be serious about some of it. So the reader is continually whiplashed back and forth between laughing and thinking “Maybe this is all true after all.” In that way I can introduce the most radical ideas from futuristic science and the most radically philosophical types of doubt and questioning of basic assumptions together with political exposé, and so on, into a collage that I believe genuinely forces the reader to think and to wonder because I really am trying to break down the boundary between art and life. I want the reader to be affected and not just entertained — to be seriously disturbed and provoked, involved, and not say, “It’s only art, it’s only literature.”

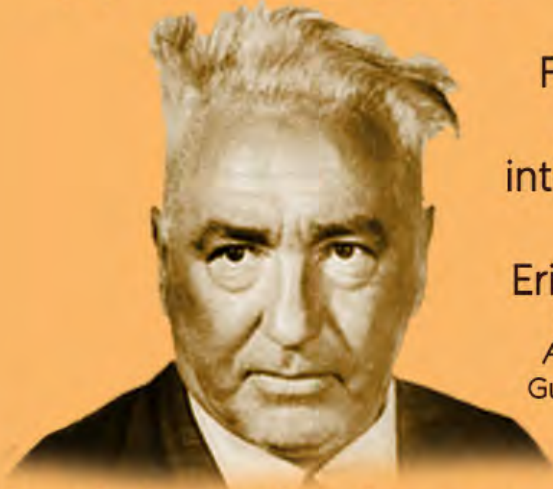

– Robert Anton Wilson, *Coincidence: A Head Test*

Robert Anton Wilson's **Wilhelm Reich In Hell**

Featuring
a new
introduction
from
Eric Wagner
(author of
An Insider's
Guide to RAW)

Predation exists between species.
No species is so deranged as to
prey upon itself — except ours.
That is not natural.
That is Emotional Plague.

– Reich speaking in Robert Anton Wilson's play,
Wilhelm Reich in Hell

©HILARITAS PRESS

Humanity suffers from an Emotional Plague, declared Dr. Wilhelm Reich. For his controversial ideas, his books were banned and burned, and he died in prison. Robert Anton Wilson explores the trials of Reich in this essay and play script. In his introduction, Dr. Christopher S. Hyatt writes, "Wilhelm Reich In Hell is an appropriate title for the horrific experiences that Dr. Reich, our hero, endured. Dr. Wilson's sensitive and insightful expression, using two literary forms, provides the reader who is interested in the effects of the "Whirling" Inquisition against the Mind with insights both subtle and daring."

Featuring Introductions by
Christopher S. Hyatt, Ph.D. & Eric Wagner

The New Inquisition

Robert Anton Wilson

Irrational Rationalism and the Citadel of Science

“For Bob, nothing was sacred and nothing was set in stone – except maybe the idea that fundamentalism is a dangerous dead end. Like Alfred Korzybski’s *Science and Sanity*, Robert Anton Wilson’s *The New Inquisition* seeks to rescue science from fundamentalist materialism, and the rest of us from the broader implications of this approach. It is at once a philosophical treatise and an act of cognitive defiance . . . His message is more important right now than it was when he wrote it. Our digital fundamentalists see human beings as an engineering problem to be solved. Behaviors and thoughts that do not conform to our algorithmically generated profiles are to be eliminated, and humans shepherded into the reality tunnels that obey the laws of rationality alone. We are right now being programmed by the very fundamental materialists RAW is warning us about on these pages.”

– from Douglas Rushkoff’s new introduction to this new edition from Hilaritas Press

“Erudite, witty and genuinely scary ”

– Publishers Weekly

The Starseed Signals

Robert Anton Wilson

A RAW Perspective on Timothy Leary PhD

In 1974, Robert Anton Wilson wrote a book about the ideas and tribulations of his close friend, Dr. Timothy Leary. Intriguingly, this manuscript would not be published until some 46 years later, having been put aside and then lost for decades. In 1986, RAW wrote *The New Inquisition* which had as a partial focus the persecution of Timothy Leary and Wilhelm Reich. In some respects, *The Starseed Signals* seems like an earlier attempt to address that same kind of injustice, as the book was written while Leary was experiencing an inquisition, a victim of the Nixon administration and the general punitive zeitgeist. In his introduction to the book, John Higgs writes, "What's remarkable about this previously lost and unpublished-until-now manuscript is not only that RAW puts forward the case for Leary's ideas, but he does so at the time when Leary's reputation was at its lowest. The sixties were over, and the paranoia of the 70s had begun. Leary was yesterday's man, lost somewhere deep within the American prison system, denounced by former friends and rumoured to be snitching on the entire counterculture."

RAW addresses Leary's troubles with insights that will intrigue historians, while also offering delights for those who value Leary's many contributions to various fields in the social sciences. Of particular note is RAW's early description of the Eight Circuits Model of Consciousness, which we learn had been a collaborative effort between the two friends. *The Starseed Signals* stands as a unique title in the Robert Anton Wilson canon, offering a revealing and very personal look at the tumultuous early years of the 1970's.

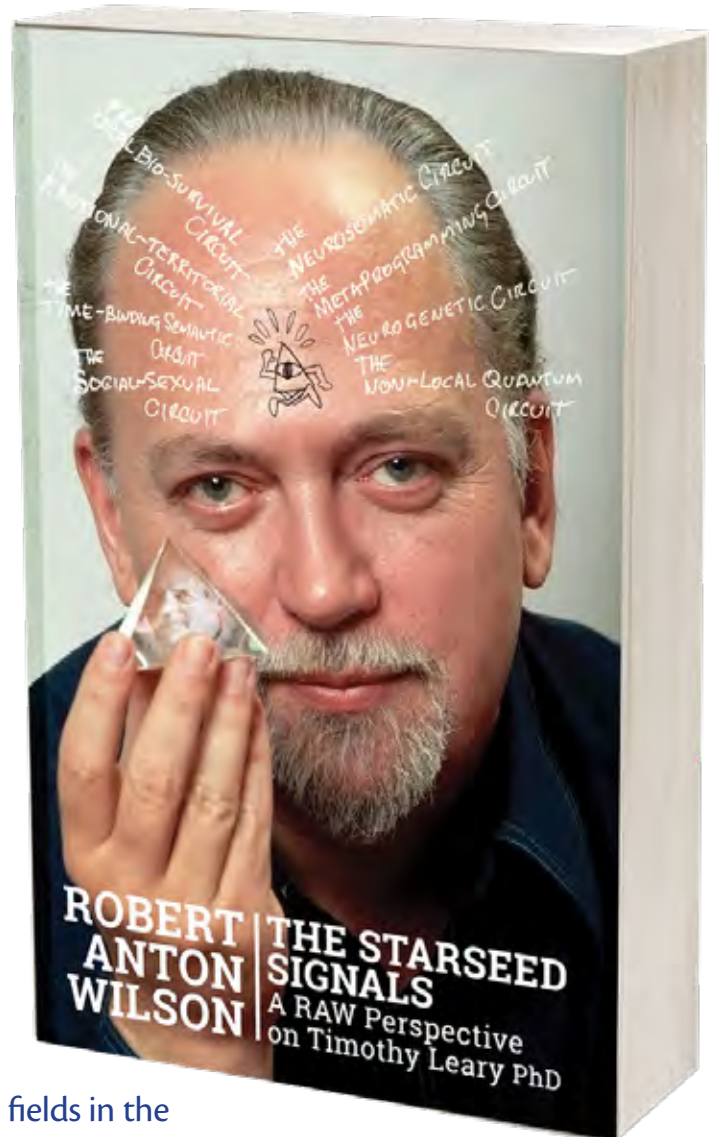

"You get the Timothy Leary you deserve, as we know. But perhaps we also deserve the Timothy Leary that Robert Anton Wilson got."

– John Higgs,

author of *I Have America Surrounded : The Life of Timothy Leary*

The Starseed Signals

THE ROBERT ANTON WILSON HISTORICAL ILLUMINATUS CHRONICLES

New Covers by amoeba!

New Illustrations by Bobby Campbell!

"Against the epic backdrop of the French and American revolutions, the inimitable RAW lays bare the secret history of the Enlightenment, while almost casually re-inventing the historical novel in the process. The result is a heady, psychedelic brew of satire, intrigue, magic, high adventure and life-changing philosophy, seasoned with the wry, compassionate humanism which is Wilson's trademark. Astonishing and unforgettable."

– Grant Morrison, New York Times best-selling author, Comics Legend, Chaos Magician, creator of *The Invisibles* and other great graphic novels

"The real history of Western Civilization, where our heroes (and anti-heroes), the Illuminati, roam the night."

– Jonathan Sellers, *Antiquities of the Illuminati*

"A masterful satirist who views history as an open question."

– Brad Linaweaver, *Atlanta Constitution*

"More important than *Ulysses* or *Finnegans Wake*."

– Timothy Leary

"Hilarious and multidimensional."

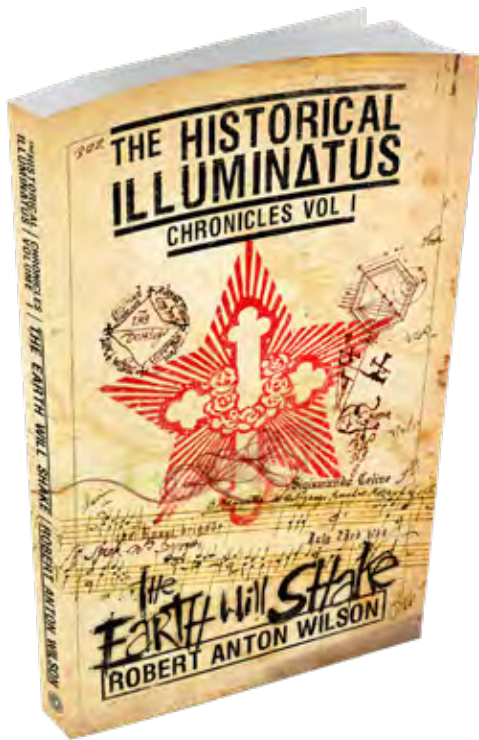

– L.A. Times

The Earth Will Shake

Robert Anton Wilson

Historical Illuminatus Chronicles Volume 1

They have been with us all through history: The “Invisible College” of wisdom, and their adversaries. The history of the world is their story: a conspiracy as vast and all-encompassing as the riddle of time itself. In Naples, Italy, in 1764, a young aristocrat is about to stumble onto one piece of the great pattern. Through a heartless murder and his passion for the

beautiful daughter of his enemy, young Sigismundo Celine uncovers the mystery of the Rossi brigade, former M.A.F.I.A. assassins, and the secret agenda of the dreaded Inquisition. In the wind of the raging social storm that will soon tear through Europe and America with the flame of revolution, Sigismundo begins his journey of discovery, joined by the boy Mozart, Dr. Frankenstein, Casanova the spy, lover and magician . . . and a mysterious violet-eyed assassin who calls him “brother.” Join him. The journey has just begun.”

The Widow's Son

Robert Anton Wilson

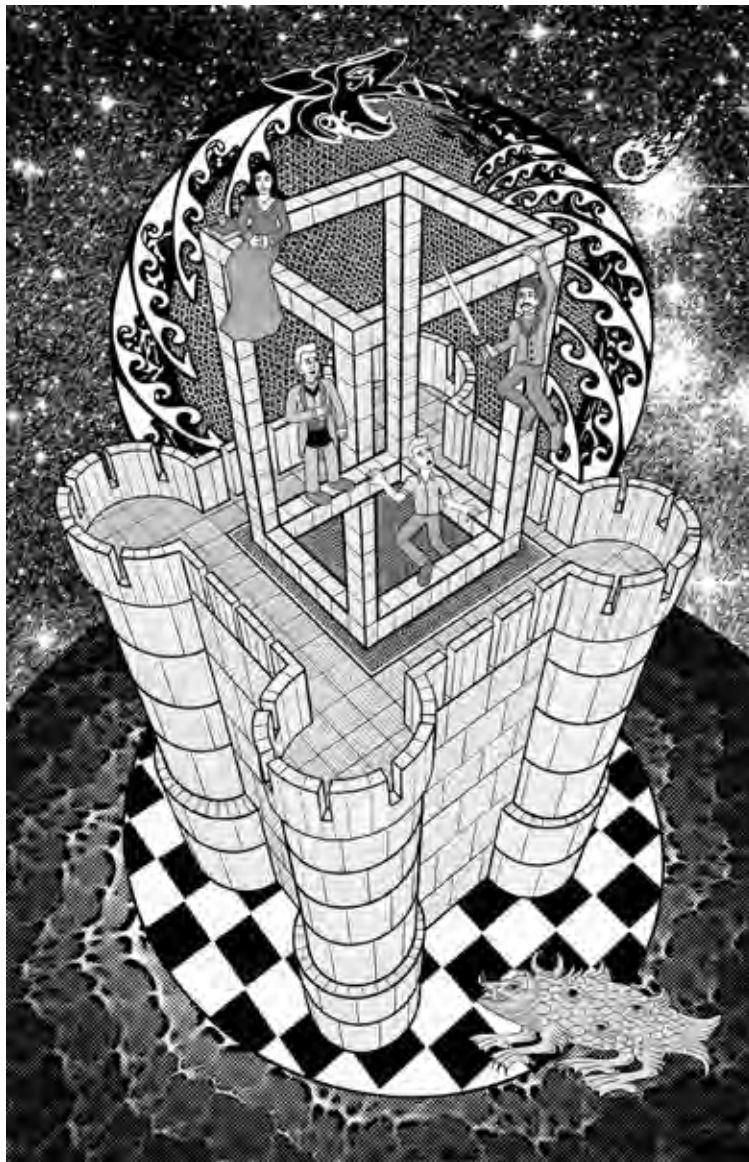

Historical Illuminatus Chronicles Volume 2

Throughout history, secret societies have played a crucial role in shaping events that have created our world. Only an inner circle of power elite know the full extent of the influence of the conspiracy.

It is Paris, 1772, and Sigismundo Celine knows he is destined to play an important part in this history-behind-

history. The masons, the English nobility, the Jacobites, the Rosicrucians, the ruling clique of pre-Revolution France: these are but a few of the factions involved in the machinations and intrigue in which Sigismundo has become enmeshed. Thrown into the Bastille, shot at, assaulted by assassins, tortured, and brutally interrogated, he knows only what he is and what he must do to become the one spoken of in the old texts. But what he doesn't know could kill him: the secret powers of Maria, the Italian beauty who has become an English Lady; the Irish fisherman, Moon, who stumbles across the inner workings of an unsuspected cult; and the question they keep asking: the identity of The Widow's Son.

Nature's God

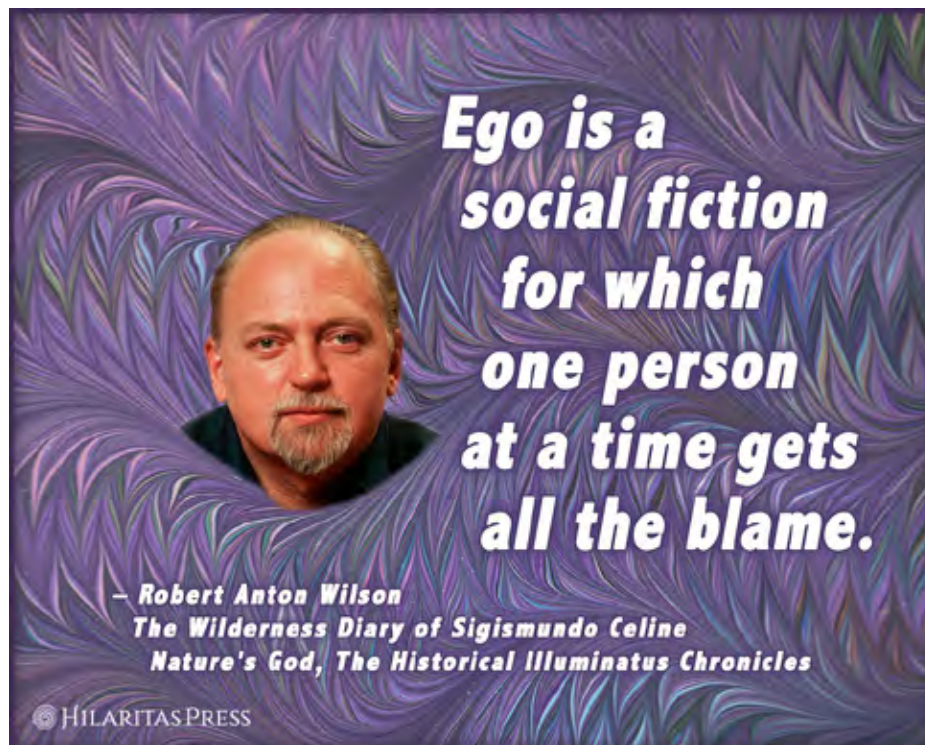

Robert Anton Wilson

Historical Illuminatus Chronicles Volume 3

They are the most secret of organizations and the most powerful — the Illuminati. They continue to shift the patterns of history to fulfill plans of their own, to open pathways to power which ordinary mortals are never meant to tread.

It is 1776, and Sigismundo Celine, a young Neapolitan aristocrat and musician — exiled from his homeland after an unfortunate duel — has fled Europe for the American colonies. Here he will seek to master the next levels of metaphysical magic in the wilderness of the Indian territories. In the meantime, the Irish fisherman, Moon, is caught up in revolution, his fate linked with George Washington and Lafayette. While Sigismundo prepares to contest the most powerful of the Indian medicine men, Moon, Washington, and the troops are waging an equally desperate battle for survival. THESE ARE THE EVENTS WHICH WILL SOON RESHAPE THE WORLD.

Reality Is What You Can Get Away With

Robert Anton Wilson

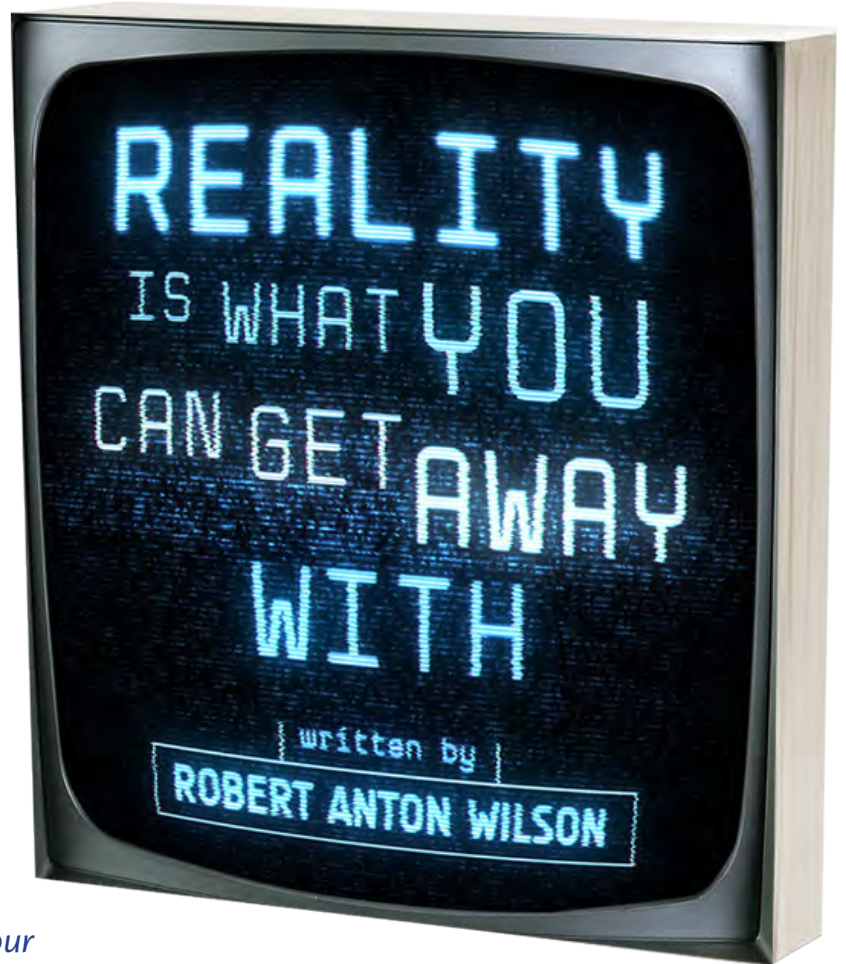

The Time: Far In The Future.

The Place: An Archeological Find At Bev-El (Beve-Hill? Beverly Hills!?!?)

Scientists have dug up the remains of a movie made in the closing years of the 20th century. As it was seemingly designed to persuade, seduce or trick people into practicing the outlawed art of THINKING, all prints of this shocking work had been banned, seized and burned. Except this one historic copy.

...

Robert Anton Wilson presents a time-bending look at ourselves with a brilliant essay from an anthropologist far in the future who has found an ancient 20th century screenplay that is far from easy to explain. Read the screenplay for yourself and try to fathom this age we inhabit. Wilson combines our culture's absurdities, injustices, violence and desires, shot at you in a machine-gun-like assault on your senses and intellect. The result is hilarious, chilling and irrevocably mind-altering — a consciousness-raising experience filled with laughter, rage and insight.

**“This book will make you laugh,- this book will make you think.
Read it and you’ll get away with more.”**

– Arthur D. Hlavaty, publisher, *Derogatory Reference*

**“Wilson’s new brand of quantum philosophy, while pretending to amuse,
actually rids the reader of important fictions necessary to the conduct of
life as we know it. It’s a very dangerous book.”**

– Nick Herbert, Ph.D., Quantum Physicist

- **Reality Is What You Can Get Away With**
- Paperback: 204 pages
- ISBN-10: 1952746337
- ISBN-13: 978-1952746338

T.S.O.G.

Robert Anton Wilson

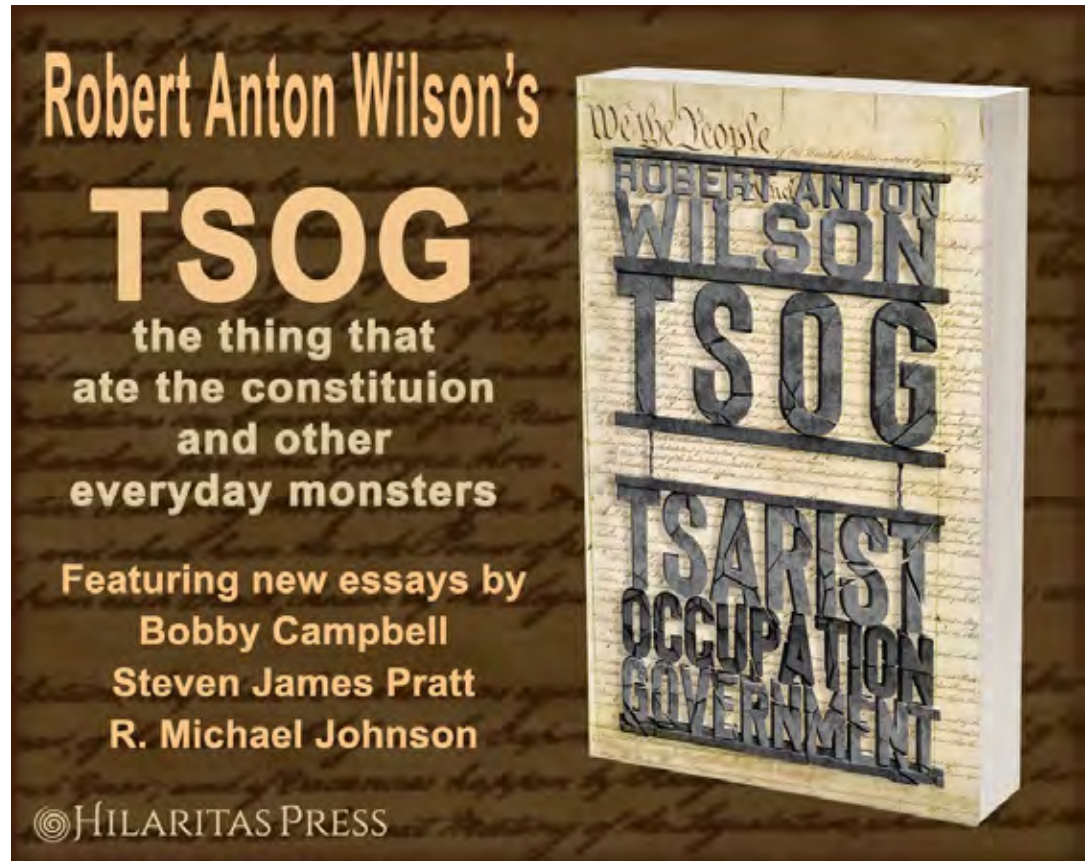

The Thing that Ate the Constitution

For decades, right-wing anti-Semites have been incensed by the ZOG, or Zionist Occupational Government, that they believe ruled America. Wilson parodied that by imaginatively seeing America's Drug Tsar as the direct successor of the Russian Tsars, ignoring the US constitution, and leading a Tzarist Occupational Government. Indeed, the story of a Nazi spy with ties to Mystical Tzarism becoming the CIA's major asset in fighting the cold war

with the Soviets begins this tale of America in 2002, at the start of America's linguistically-challenged "War on Terrorism." "Humans at war with ideas" sits at the heart of this amusing and disturbing volume where absurdity comes face to face with insanity. In one chapter, Wilson considers why mass murderer Hannibal Lecter would make a better president than George W Bush.

In examining the corroding effects of the American military-corporate juggernaut, Robert Anton Wilson notes, "Some may think I regard the Constitution as an almost sacred text. Not at all: I admit it has a few defects and blemishes. I just consider it a hell of a lot better than the system we have now."

"When it comes to intelligent dissent, Wilson is the motherload. More importantly, he's funnier than a barrel of monkeys reciting the pledge of allegiance on the capital steps." – RU Sirius, Editor, *Mondo* 2000

The Walls Came Tumbling Down

Robert Anton Wilson

THE GREATEST MOVIE NEVER MADE!?! No director could capture it, no film could contain it, coming soon to the mind's eye within you: The Walls Came Tumbling Down! – A modern American story about the terror of accidentally stumbling into the cosmic circus of other-worldly consciousness, with no map or clue how to

navigate the abyss and safely return home. What's your exit strategy for Chapel Perilous? What will you do when the walls tumble, the doors of perception fly open, and your brain is suddenly free from the limits of "mind"? What's the real truth about reality? Read on and get some clues . . .

"Robert Anton Wilson limped out through the wall into the fire, into the simultaneous party of eternity, into the splendid, timeless funfair of a life that he has somehow managed to survive with thirty-five books weaving his ideas in their spectacular diversity, weaving his luminescent consciousness into the intellectual DNA of our painfully slow-developing society and dancing somewhere with his wife, back when he could still dance and she was still alive."

– Alan Moore, author, occultist, and anarchist

"With his humorous rapier, Wilson pokes and prods our misconceptions, prejudices and ignorance. A quantum banquet."

– Ray Tuckman, Broadcaster, KPFK Radio

Lion of Light

Robert Anton Wilson

Robert Anton Wilson on Aleister Crowley

This eclectic collection presents a series of articles outlining Robert Anton Wilson's unique perspective on the notorious scoundrel and mystic, Aleister Crowley – the Man, the Mage and his life's work. The centerpiece, "Do What Thou Wilt," recently liberated from the archival depths of Harvard University, is published here for the first time ever. In this, until recently unknown manuscript, Wilson examines and contrasts the pragmatic and theoretical revelations of Crowley's system, Thelema, with various other contemporaneous scientific research into expanded consciousness. *Lion of Light* is fleshed out with an introduction and foreword by **Lon Milo Duquette** and **Richard Kaczynski** respectively, along with four additional pieces by seasoned explorers that shed light on the relationship of these two Masters, Wilson and Crowley.

HILARITAS PRESS

Beyond Chaos and Beyond

The Best of Trajectories Vol 2

Robert Anton Wilson

Editing and Introduction by D. Scott Apel

The 1994 book *Chaos and Beyond* collected the best essays from the first ten issues of the newsletter; this sequel, *Beyond Chaos and Beyond*, preserves the best of the final issues, including an excerpt from RAW's unfinished sequel to *Illuminatus!*, transcripts of audio and video issues, and transcripts of the several videos featuring RAW produced specifically for his globe-girdling fan base. Additional material includes a rare 1977 interview with RAW; a major essay on Philip

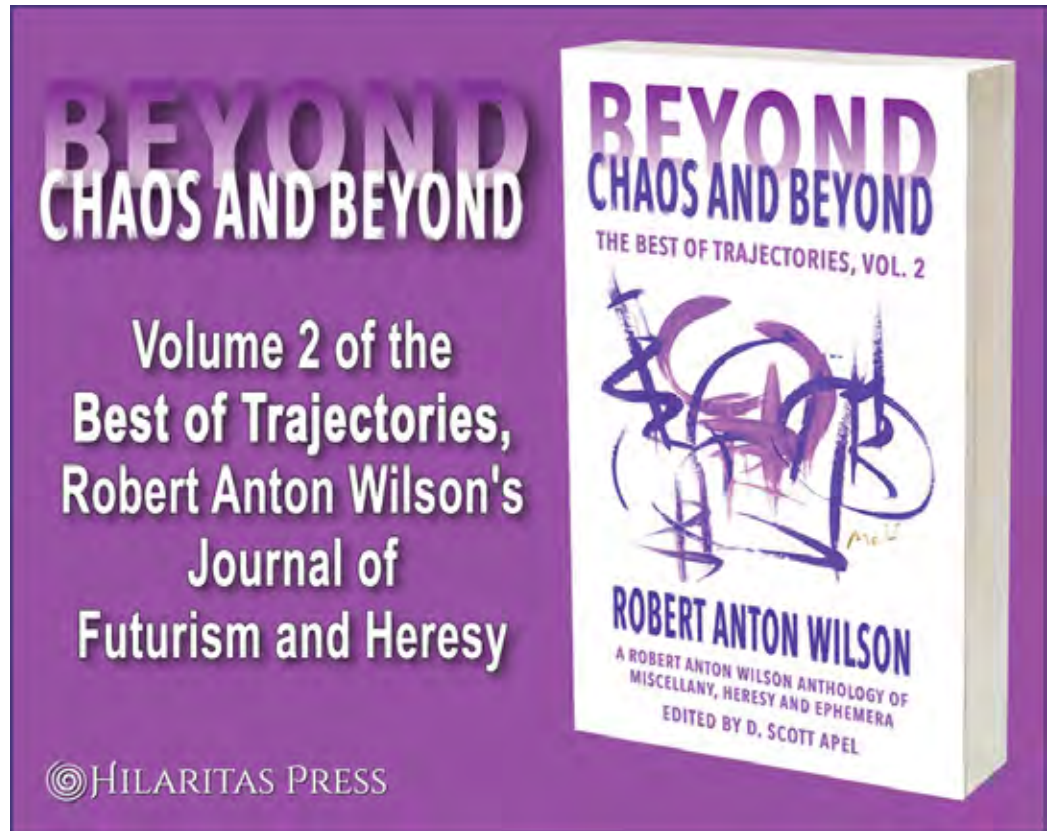

K. Dick, as well as RAW's comments from a PKD documentary; transcripts of RAW's 1978 PBS appearances discussing *The Prisoner*; and a 30,000-word essay by the editor detailing his 30-plus-year association with Wilson. *Beyond Chaos and Beyond* is essential reading for hardcore fans of Robert Anton Wilson's extraordinary work and life.

"I agree with the Oriental teachers who say it's very important to be careful what you feed into your nervous system. I prefer to feed my nervous system on images of heroic things that human beings have accomplished, or could accomplish. I like to read biographies of people of great courage and people of wisdom and so on. I would much rather program myself with things that give me an idea that we can all be sublime creatures, which I think we can, rather than with the programming that we are merely the most vicious beasts loose on the planet. Mark Twain, by the way, said the same thing as I've just said. He said, "Don't associate with people who have a low view of humanity; it'll give you a low view of yourself." Associate only with people who are heroic and striving. I agree with that."

– Robert Anton Wilson, *Beyond Chaos and Beyond*

The Sex Magicians

Robert Anton Wilson

Josie Welch has a body that would make a bishop kick a hole in a stained-glass window. Her appearance at the Orgasm Research Foundation drives Dr. Roger Prong to seek solace between the thighs of Tarantella, the fantasy catering masseuse who saves his sanity about twice a week. But Prong's paranoia reaches full bloom when he gets strange phone calls from a subversive diminutive anarchist (readers of *Illuminatus!* will recognize that character), goes to a drug-infested orgy at the Pussycat Mansion, and feels the magic of the First Church of Scientific Illuminism.

~~~

Robert Anton Wilson's first published novel, an erotic romp stretching from a visit to Hassan i Sabbah's 12th century Garden of Delights to the Orgasm Research Foundation's mighty "King Kong" to a party at the fabled playboy's Chicago mansion – all carefully monitored by the omniscient eye of the Illuminati.

**Adamantly pro-sex in both attitude and behavior, Robert Anton Wilson created an exciting new genre of mystical erotica with this book, his first published novel. The great**

**Guerrilla Ontologist started off his career with a hilarious romp through a Chicago spellbound by sex magic. Wilson cunningly leads the reader into the worlds of conspiracy and magic while keeping the sexual antics turned up to 11.**

**– Annie Sprinkle, Performance Artist and co-author of *Assuming the Ecosexual Position—The Earth as Lover***

**One of Bob Wilson's first sexpeditions:  
He was just beginning his mission  
To show what we know  
Is as melty as snow  
And Schrödinger's Cat just a kitten.**

**— Nick Herbert, author of *Quantum Reality*,  
*Harlot Nature*, and *Physics on All Fours***

- **The Sex Magicians**
- Paperback: 160 pages
- ISBN-978-1-952746-35-2

# Terra II ...A Way Out

Timothy Leary

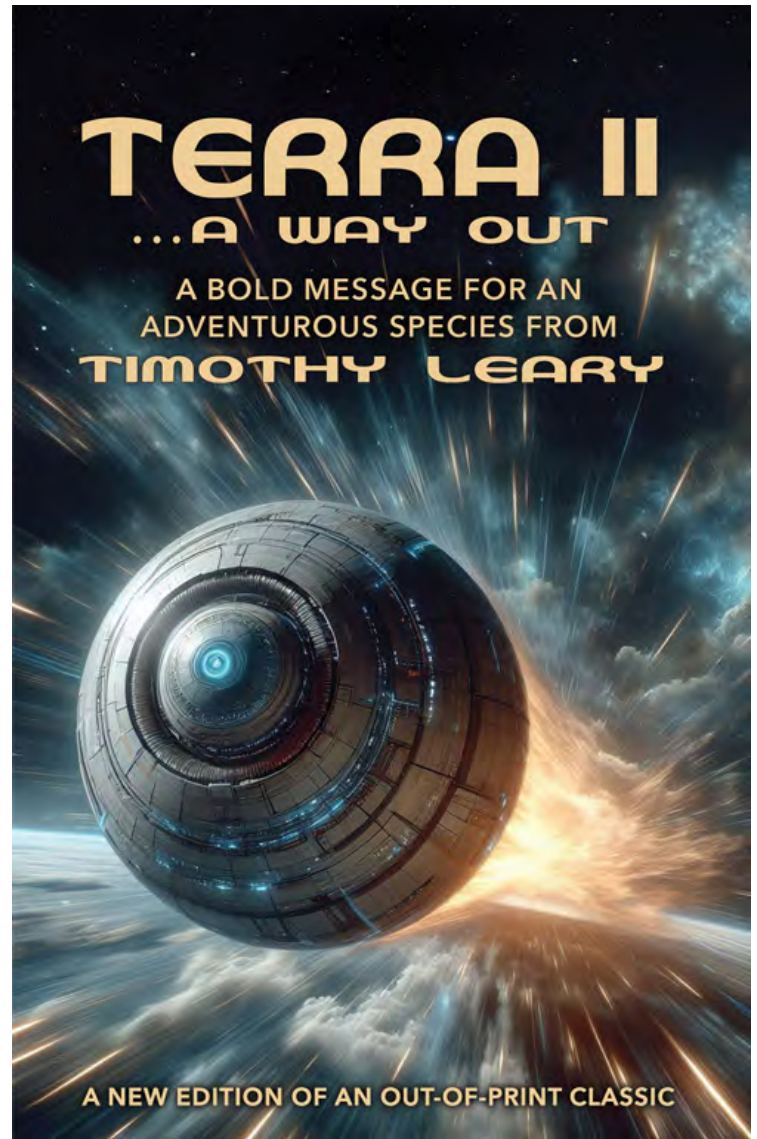

The hope and optimism of the 1960s finds no better expression than a proposed journey aboard the space-city/time-ship Terra II. Received and written as a group invocation led by Dr. Timothy Leary tuning in and turning on to cosmic signaling and DNA intelligence. Herein we find the SMI2LE formula fully elucidated and mapped out in a practical application that directly confronts many of the problems and challenges that would inevitably arise. Far ahead of its time, but as timely as ever, this visionary blueprint provides one answer to the questions, where do we go from here and how do we get there?

**Finally! From out of the darkness of the early 21st Century comes an accessible edition of what is perhaps the most optimistic vision ever shared of humanity's role in the cosmic order. This is the quintessence of Timothy Leary.**

– Douglas Rushkoff, author, media theorist, lecturer

**We are selecting mutants whose basic loyalty is to the future of the new species rather than nostalgic commitment to past embryonic social forms.**

– Timothy Leary, Terra II

- **Terra II ... A Way Out**
- Paperback: 270 pages
- ISBN-978-1-952746-30-7

# Elevated: Cannabis as a Tool for Mind Enhancement

Sebastián Marincolo

Foreword by R. Michael Johnson

Featuring full color cannabis photography  
from Sebastián Marincolo

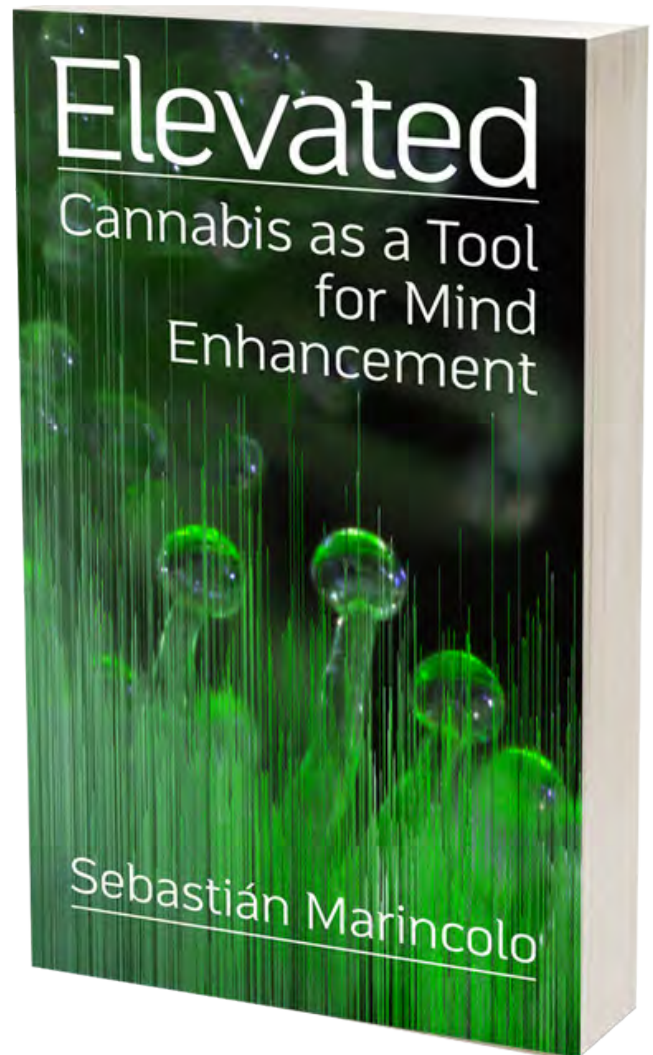

**Sebastián Marincolo** has produced a landmark book on the widely reported mind enhancements experienced during the cannabis high. Using his own Guerrilla Neuro-Philosophical Approach, philosopher and polymath Marincolo summarizes more than 20 years of extraordinary interdisciplinary research and explains how cannabis can indeed be used for a whole range of temporary mind enhancements during a high, such as a stronger focus of attention, enhanced imagination, creativity, introspection, and empathy, as well as for a life-long journey of personal growth. Lester Grinspoon, one of the world's most important and influential cannabis experts, was a mentor and friend to Marincolo and greatly endorsed his work, including an earlier edition of this book, about which he stated:

“It was not until some years after I began these studies that I initiated personal use of marijuana and I gradually began to discover its capacity to enhance some of my capabilities. I have now arrived at the point where I view this substance as a nature-given blessing. And I am thankful that Sebastian Marincolo has provided us with his timely *High: The Positive Potential of Marijuana* which, as the reader will discover, does much to illuminate this wonderful phenomenon.”

–Lester Grinspoon, M.D., Harvard Associate Professor Emeritus

“In *Elevated* author Sebastian Marincolo takes a deep dive into the many and various ways that cannabis can enhance conscious experience, stimulating greater creativity, insight and awareness. Drawing on history, psychology, popular culture and dozens of sources well known and arcane, he makes the case that cannabis is an ally, and a good one.”

– Chris Kilham, medicine hunter and author of *The Lotus and The Bud*

- **Elevated: Cannabis as a Tool for Mind Enhancement**

- Paperback: 286 pages
- ISBN-10: 1952746213
- ISBN-13: 978-1952746215

# From Now To Now

Marlis Jermutus

## Born Into World War II, Liberated Decades Later

Born in Germany during World War II, a beautiful young fatherless child picks flowers on the battlefield. At age four she befriends the pillaging Russian soldiers, and every man for years to come will appear as both father figure and invader. War, sexual abuse, and class insecurity awakens an extraordinary defense mechanism in the young girl. With laser-like attention to detail, she searches with searing honesty for meaning and compassion. A close friend to Robert Anton Wilson and his wife Arlen, Marlis' remarkable life story illustrates a lot of the philosophy she learned from her friendships with the Wilsons, and their mutual friend, the iconic psychologist Timothy Leary. Her particular narrative in the counter-culture adds the sensibility of German artists encouraging a new German ethic rising after the horrors of WWII.

This book is a tribute to the power of art to maintain and enlarge the human spirit. Her life is full of joy and terrible times, love and fear, liberation and desperation, and ultimately uplifting and powerful. Wonder to read, meaningful to reread.

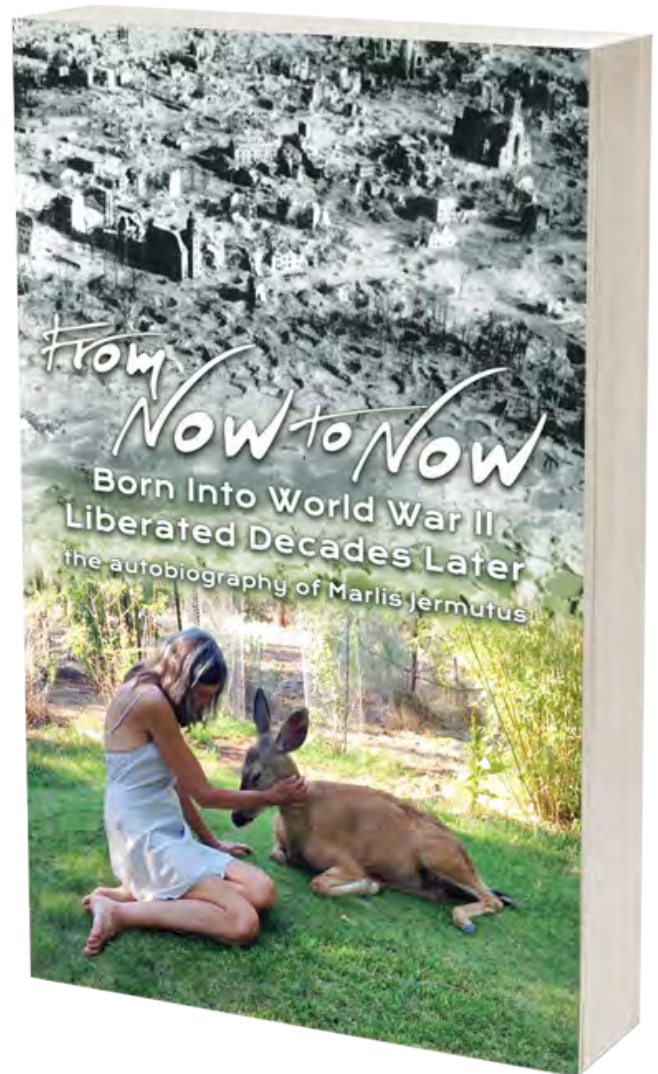

– **James Fadiman**, Co-Founder of the Institute of Transpersonal Psychology

Contact with Marlis, in person or through her art or literary works is expanding for everyone, and very healing for many.

– **Leonard Orr**, Founder of the Rebirthing Movement

Endearing, sensitive and precious. This book will open eyes and tear asunder illusions.

– **Dr. Zaida Rivene**, Naturopathic Physician

# Mavericks of the Mind

David Jay Brown  
Rebecca McClen Novick

The enhanced third edition of this classic set of interviews includes: Terence K. McKenna, Riane Eisler & David Loye, Robert Trivers, Nick Herbert, Ralph Abraham, Robert Anton Wilson, Timothy Leary, Rupert Sheldrake, Carolyn Mary Kleefeld, Colin Wilson, Oscar Janiger, John C. Lilly, Nina Graboi, Laura Huxley, Allen Ginsberg, Stephen LaBerge, and Rosemary Woodruff Leary.

•••

“What distinguishes these ‘voices from the edge’ is their passionate self-actualization and their profound and strange contributions to our culture. Give a listen.”

– Alex Grey, artist, author of *Net of Being* and *Transfigurations*, and co-founder of *The Chapel of Sacred Mirrors*

•••

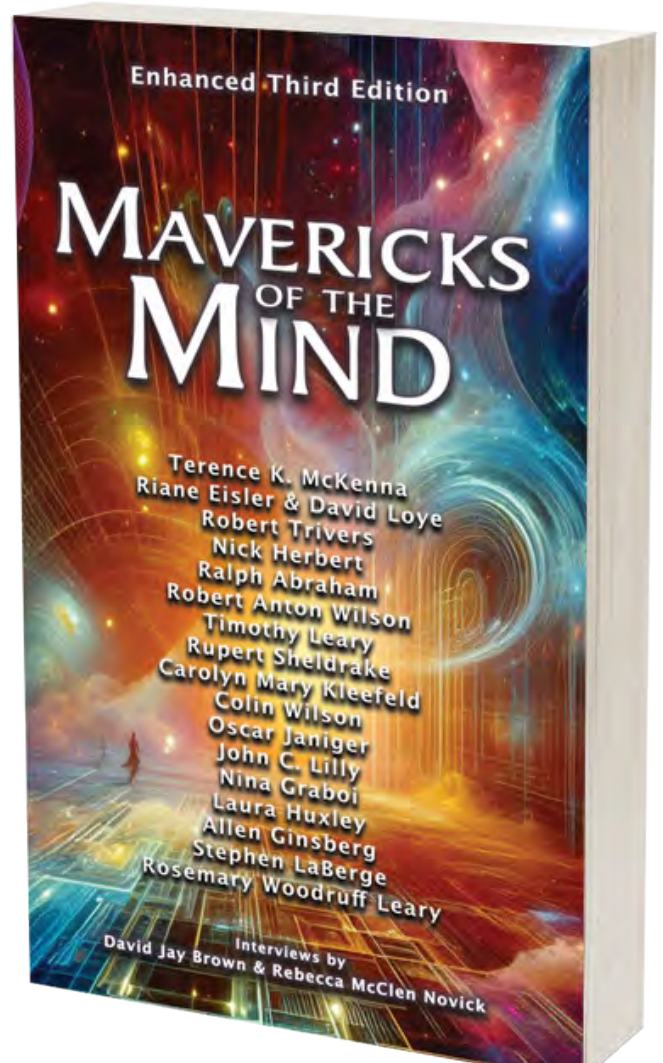

“Some of the most important thinkers of our time speak in their own words to two brilliant interviewers. Anyone aspiring to understand the new millennium we are entering will have to read this book. Every page explodes like an intellectual firecracker. A first rate job!”

– Robert Anton Wilson, author of *Cosmic Trigger* and *The Illuminatus! Trilogy*

•••

“When it was first published, *Mavericks of the Mind* was more than a breath of fresh air—it was a hurricane of ideas and visions perfectly tuned to the time. This 21st century expansion pack will ensure that these maverick spirits – many of whom have now passed on—will continue to channel the mindscape beyond the bend.”

– Erik Davis, author of *Nomad Codes*, *TechGnosis*, and *High Weirdness*

- **Mavericks of the Mind**
- Paperback: 588 pages
- ISBN-10: 195274640X
- ISBN-13: 978-1952746406

# Straight Outta Dublin

Eric Wagner

“You’re always looking for what you can learn from everybody. I’ve learned something from every writer I’ve ever read. The strongest influences are certainly Joyce, the blind man who saw, and Ezra Pound, the crazy man who understood.”

– Robert Anton Wilson, *Beyond Chaos and Beyond*

Straight Outta Dublin explores James Joyce’s influence on Robert Anton Wilson, examining mosbunall of Wilson’s work including his novel *Masks of the Illuminati* and his seminal work of non-fiction *Prometheus Rising*. During the last 23 years of Wilson’s life he referred readers back to *Prometheus Rising* over and over again, and Wagner explores how Joyce’s influence permeates that text. The final section of *Straight Outta Dublin* focusses on the exercises in *Prometheus Rising* which Wilson repeatedly implored his readers to do. Along the way Wagner looks at the influence of Joyce’s *Finnegans Wake*, *Ulysses*, *A Portrait of the Artist as a Young Man*, and *Dubliners* on Wilson’s art and life. Eric Wagner started reading Wilson in 1982 and earned his master’s degree in English examining Joyce’s influence on Wilson.

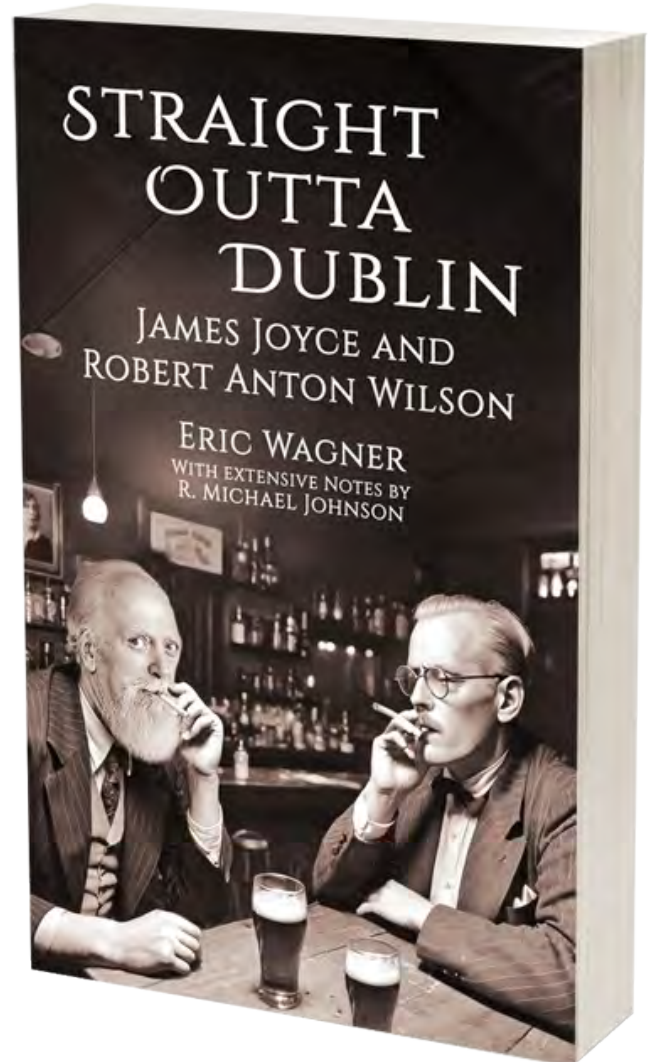

R. Michael Johnson’s brilliant analysis in the book’s “More Notes” section, offers yet more detail on Wilson’s long journey with Joyce. Johnson and Wagner’s texts work synergetically to illuminate the Wilson/Joyce Multiverse (WJM, patent pending).

“There are many well-known scholars of Irish novelist James Joyce, but in the more recent field of Robert Anton Wilson studies, two names stand out: Eric Wagner and R. Michael Johnson. Hilaritas Press managed to snag them both for this pathbreaking study of how Joyce influenced Wilson.”

– Tom Jackson

“Reading about the alchemical reaction between these two geniuses blew my mind!”

– Oz Fritz

- **Straight Outta Dublin**
- Paperback : 332 pages
- ISBN-10: 1952746418
- ISBN-13: 978-1952746413

# The Book of Forbidden Words

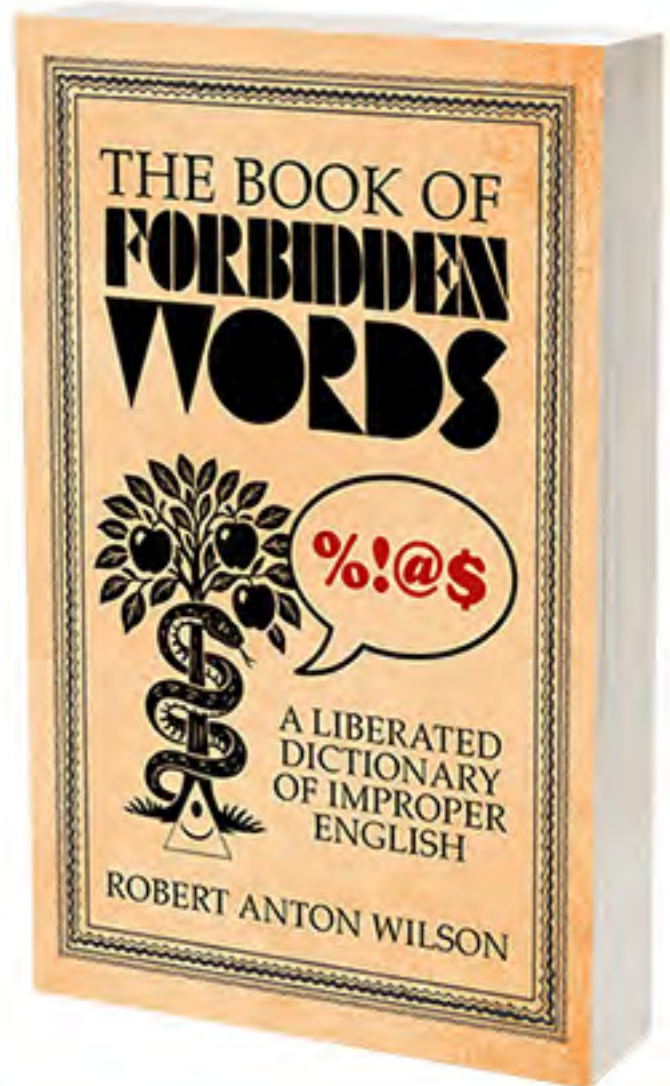

Robert Anton Wilson

**Robert Anton Wilson's  
Liberated Dictionary of  
Improper English contains  
over 700 words and phrases.**

What you see before you is no mere glossary of the profane. It is a map of the taboo, a cartography of consciousness that traces the unspeakable currents flowing beneath polite society's polished veneer. When Robert Anton Wilson first compiled this euphoric lexicon of expletives and eroticisms, he wasn't just collecting dirty words he was staging a linguistic jailbreak.

Wilson understood long before the term went vogue that information is the prima materia of reality. He knew that words, particularly those we're told not to use, shape the world we inhabit. And like all true shamans of syntax, he chose to play with the forbidden, not to offend, but to reveal: that language is a tool, a weapon, a toy, a trap and occasionally, a get-out-of-jail-free card . . .

So, read on – gasp, laugh, squirm, blush. But above all, remember: every forbidden word is a door to consciousness expansion and RAW, (may the Non-Simultaneous Processes Interacting protect him), has with this book left us a key under the mat.

**“I have learned more from  
Robert Anton Wilson  
than I have from any other source.”**

**– George Carlin, author of  
“Seven Words You Can  
Never Say on Television”**

- **The Book of Forbidden Words**
- Paperback: 302 pages
- ISBN-10: 1952746450
- ISBN-13: 978-1952746451

# A Non-Euclidean Perspective

## Robert Anton Wilson's Political Commentaries 1960-2005

Years before he was famous as the co-author of the *Illuminatus!* trilogy, Robert Anton Wilson was writing astute essays about the evils of authoritarianism, prejudice, puritanism, and exploitation. The essays and interviews in this book span 45 years, from 1960 to 2005, responding to events from the Bay of Pigs invasion to the War on Terror. Along the way, they will introduce you, or re-introduce you, to the thinkers who influenced Wilson the most— Spooner, Tucker, Proudhon, Warren, Reich, Fuller, Korzybski, and others.

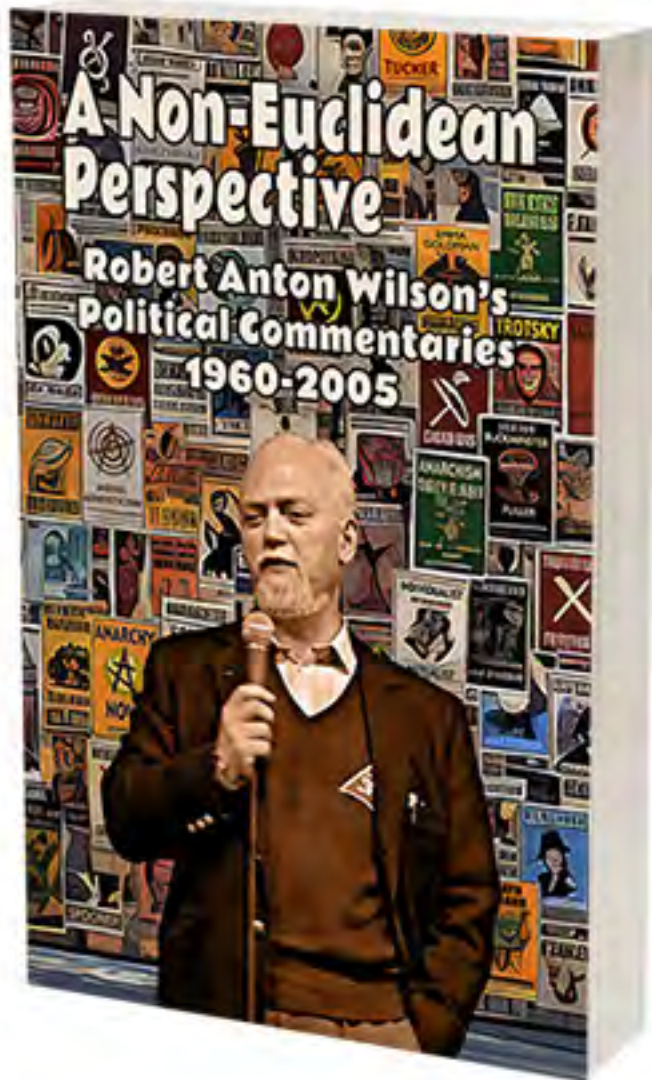

Calling for liberty, tolerance, and compassion, Wilson was loyal to neither the political left nor the political right — he preferred to call his ideas “non-Euclidean.” These writings deviate from traditional Euclidean models of the political spectrum where the ideological landscape is easily mappable. Here, politics are as complex, multidimensional, and unconventional as the human mind.

“Say what you like about the principles of anarchism, Robert Anton Wilson said it earlier, better, and funnier.”  
– Ken MacLeod, author of *The Star Fraction* and *Beyond The Hallowed Sky*

“An encyclopedic scholar of human folly, or maybe simply the folly of being human.”  
– Andrei Codrescu, author of *The Disappearance of the Outside: a Manifesto For Escape*

“Wilson understood that true freedom requires breaking everyone's chains, not building higher walls around private compounds.”  
– Mark Frauenfelder, co-founder of Boing Boing

- **A Non-Euclidean Perspective**
- Paperback : 514 pages
- ISBN-10: 1-952746-47-7
- ISBN-13: 978-1-952746-47-5

“The imagination, wit, and humanity evident in these essays animated Robert Anton Wilson's politics and writing.”

– Revd Jonathan Harris, High Priest of Church of Burn

“A unique combination of compassion and erudition that will light up your neural pathways like Times Square on New Year's Eve.”

– Lewis Shiner, author of *Glimpses*

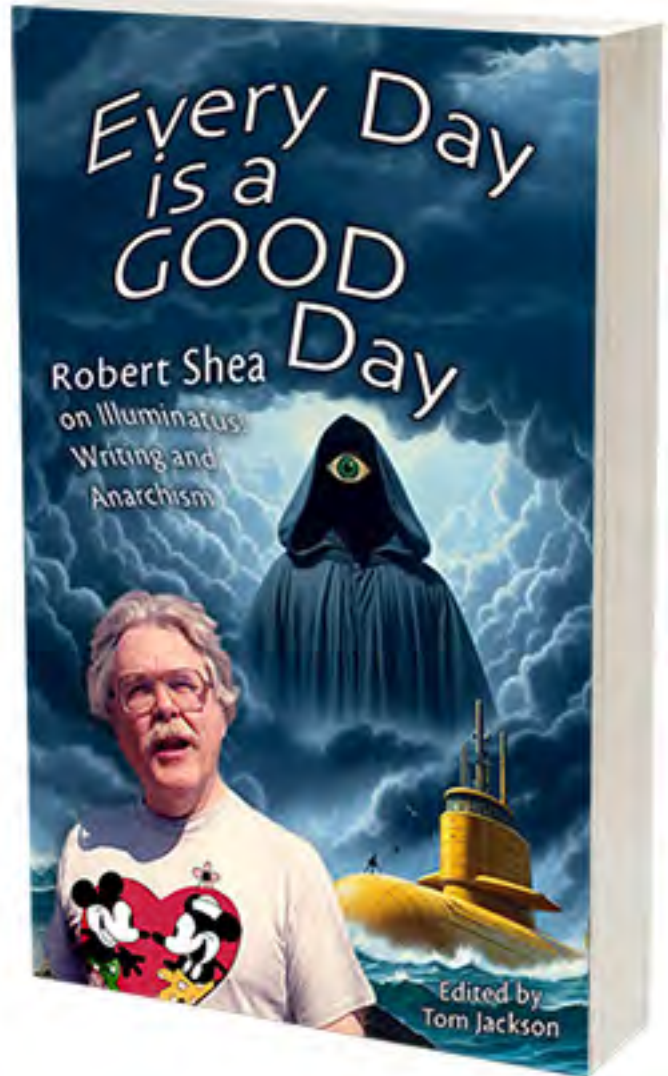

“A volume of priceless wisdom from a multi-dimensional intellect.”

– Victor Koman, author of *The Jehovah Contract* and *Kings of the High Frontier*

# Every Day is a GOOD Day

Robert Shea

Anarchist, Zen Buddhist, Playboy editor and novelist Robert Shea is best known for the *Illuminatus!* Trilogy, a cult classic co-authored with Robert Anton Wilson that has never gone out of print. He also had a successful career writing action-filled but philosophical historical novels such as *Shike* and *All Things Are Lights*. Shea was still developing his career as a novelist and was just sixty-one when illness cut his writing career short, ruling out a planned sequel to *Illuminatus!* and also preventing the publication of other novels that were in the works. An outwardly conventional middle class man who was kind to his fans, Shea was also a radical who published anarchist fanzines, kept an authentic Samurai sword in his home, and interacted with Wobblies and counterculture oddballs. Now, three decades after his death, *Every Day is a GOOD Day: Robert Shea on Illuminatus!, Writing and Anarchism* collects many of his short pieces, giving readers a glimpse of the man behind *Illuminatus!* and *Shike*.

Entertaining, thought provoking and richly varied, *Every Day is a GOOD Day* is a perfect introduction to the anarchistic principles and humane thinking of Robert Shea - a man more interested in finding flaws in his own beliefs than he is in forcing those beliefs on others. – John Higgs, author of *Love and Let Die* and other books

*Every Day Is a GOOD Day* is here to preserve the memory of this good-hearted, open-minded man — and to let more people enjoy his humane and freedom-loving writings. – Jesse Walker, author of *The United States of Paranoia* and *Reason* magazine books editor

Shea's intelligence and sense of humor, shine throughout this terrific book. Robert Shea truly seems "the very model of modern armchair anarchist." – Eric Wagner, author of *An Insider's Guide to Robert Anton Wilson* and *Straight Outta Dublin*

Tom Jackson's delightful collection has rescued the wit, warmth, and anarchist mischief of Robert Shea - the other half of the *Illuminatus!* equation. This is a resurrection spell for a writer, and an enthusiast's treasure trove! – Daisy Eris Campbell, writer/director of *Cosmic Trigger the Play*

## Every Day is a GOOD Day

- Paperback : 350 pages
- ISBN-10 : 1952746434
- ISBN-13 : 978-1952746437

# RAW Art

Bobby Campbell

## The Illustrated Lives and Ideas of Robert Anton Wilson

Come take a quick trip through the lives & ideas of Robert Anton Wilson in this illustrated elucidation of somnubal of his most illuminating memes and profundities.

Visionary cartoonist Bobby Campbell gleefully adapts Wilson's neurosemantic brilliance into the visual language of the comic book medium in an explosion of non-linear, cosmic, psychedelia. Whether you are a fully initiated Discordian Pope, or a starry eyed seeker of the 23 enigma, this RAW funny book will bring the synchronistic magick of Illuminatus! right where you are sitting now. FNORD!

# Pigspurt's Daughter

Daisy Eris Campbell

A Mythic Dad / A Legacy of Lunacy

The astounding monologue of Daisy Eris Campbell's celebrated one-woman show. A full color edition with photographs from the live performance plus a special section of Campbell family photos. In addition to **John Higgs'** introduction, this edition also contains **Jason Watkins'** review of *Pigspurt's Daughter* which won the Observer/Anthony Burgess Prize for Arts Journalism 2019.

Director, actor, writer, **Daisy Eris Campbell** grew up in the lunatic world of her father, master storyteller Ken Campbell, described by The Guardian obituary as the most original and unclassifiable talent in British theatre of the past half-century. Daisy was literally conceived backstage at her father's 12-hour staging of Robert Shea and Robert Anton Wilson's epic production of *Illuminatus!*, in which her mother Prunella Gee played Eris, the 50-foot Goddess of Discord. In *Pigspurt's Daughter*, Daisy presents a surreal and comedic monologue that magnificently continues her family legacy of lunacy.

**"The funniest book I have read in a long time,  
but it's also touching and oddly wise."**

– **Tom Jackson**, rawillumination.net

# RAW Memes

Richard Rasa

“When Hilaritas Press was launched, I was rereading Bob’s books, and making note of my favorite quotes. To advertise our new editions, I started using those quotes in memes. At the time of writing this, Hilaritas Press has published 20 books. I’ve created a couple hundred memes for Hilaritas Press, the RAW Trust and Flying Lasagna Enterprises. The memes in this collection of RAW Memes are my favorites.” – Rasa

Richard Rasa, musician, writer, graphic artist and close friend of Robert Anton Wilson, created over the years a series of memes for The Robert Anton Wilson Trust, rawilson.com, Hilaritas Press and Flying Lasagna Enterprises. Rasa’s illustrations were first used by Wilson for his satirical Guns and Dope Party campaign and website, and in his book, *Email to the Universe*.

RAW could fix the whole mess we’re in right now. The memes herein are the sigil magick and stand-up comedy that could re-orient both the alt-right and woke left to the hilarious precarity of their positions, all while teaching them how to delight in doubt rather than cling to certainty. I am thankful these transmissions are being published before it is too late. We need RAW now more than ever.

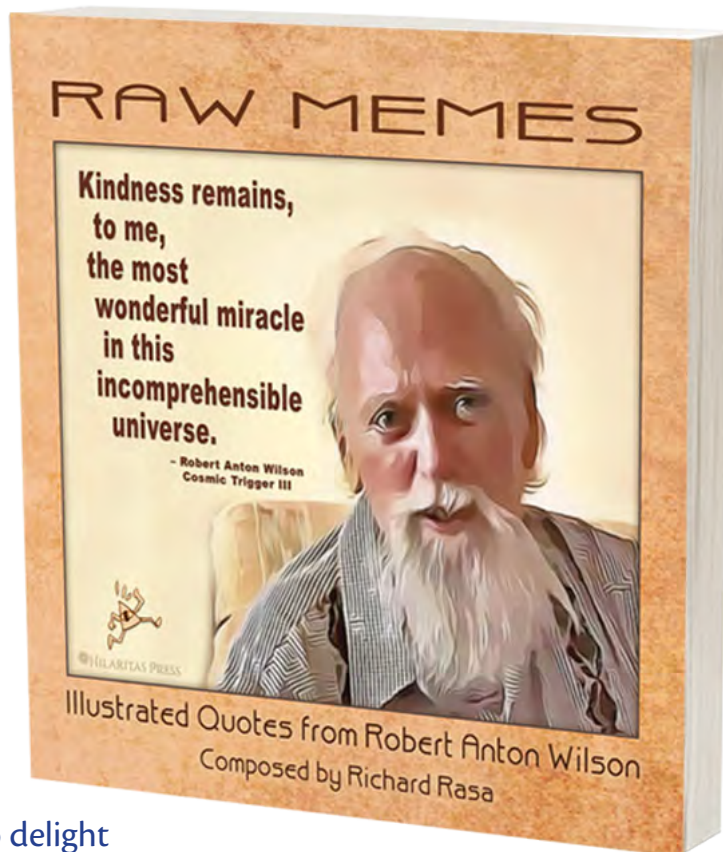

– **Douglas Rushkoff**, author, *Survival of the Richest: Escape Fantasies of the Tech Billionaires*, and *Team Human*

Befuddled by it all? Join the gang. I prescribe 23 minutes of RAW memes and the whole absurd shebang will finally make sense. Or at least make you laugh... Robert Anton Wilson is the craic where the light gets in.

– **Daisy Eris Campbell**, producer, director, actor, writer, creator of *Cosmic Trigger the Play*

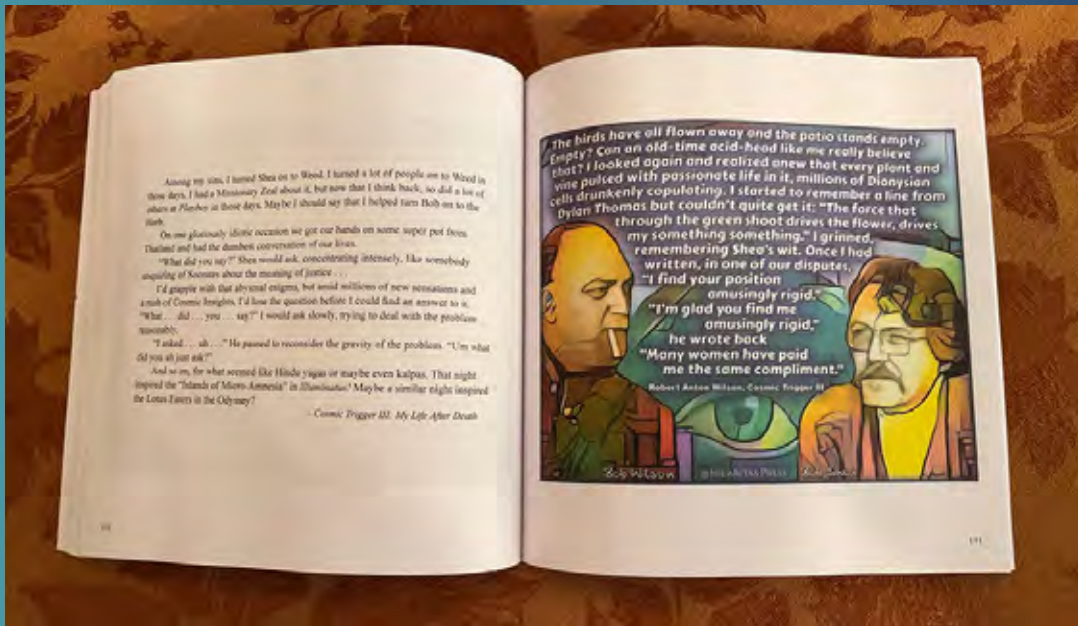

These RAW nuggets of wisdom are the perfect tonic for this maddening moment. Microdose it or scarf the whole thing in one sitting. You won’t find a better guide for this perilous trip through 21st century time.

– **R.U. Sirius**, writer, editor, talk show host, musician and cyberculture celebrity. Co-founder and original editor-in-chief of *Mondo 2000* magazine

# HILARITAS PRESS

website: [hilaritaspress.com](http://hilaritaspress.com)  
email: [info@hilaritaspress.com](mailto:info@hilaritaspress.com)

**Hilaritas Press, LLC.**, established in 2014 by Robert Anton Wilson's daughter Christina and his friend Rasa as a way to fulfill Bob's wishes that his legacy remains robust, and to publish innovative authors who share RAW's vision and speculations. We've enlisted the aid of a small group of Bob's treasured friends and others who are advising and helping out on RAW related matters. Bob would have loved that. Throughout his life he generously gave thanks and returned support for the many people who were touched by his heart, humor and wisdom.

## The Founders of Hilaritas Press...

**Christina Pearson**, a daughter of Robert Anton Wilson (RAW) and Arlen Riley Wilson. In her youth she traveled extensively, and at 21 settled in Santa Cruz California where she opened a small telecommunications business. In 1990, she established the world's first nonprofit organization addressing the needs of sufferers of Body Focused Repetitive Behaviors - BFRBs (compulsive hair pulling, skin picking, and related disorders). She spent the next 23 years raising public awareness of these problems, bringing together a phenomenal team of researchers and clinicians who successfully validated the significance of the public health impact and the need for rigorous scientific research of these problems. In 2013, she left the nonprofit to work with individual students and write about her

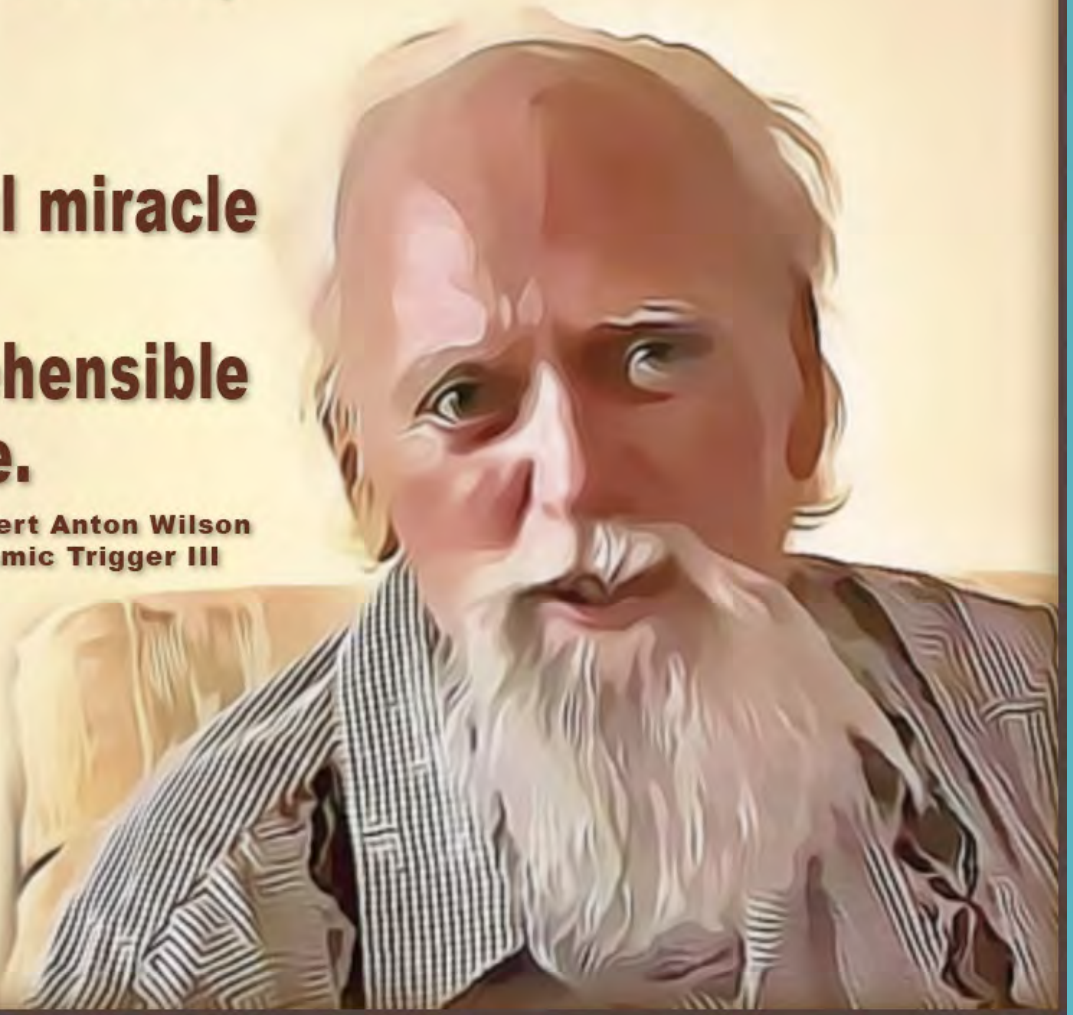

personal mindful approach to BFRBs. The following year, with her dad's old friend, Richard Rasa, they formed the partnership of Hilaritas Press, LLC, to facilitate keeping RAW's works and those of other innovative creators and thinkers available.

**Richard Rasa**, known simply as "Rasa," is a musician, writer, graphic and web designer, and publisher. He studied sitar and Indian classical music in India, and toured Europe with EMI recording artists, jazz/rock group Sweet Smoke. He currently plays sitar and guitar with the ambient music group Starseed. The group's music is featured on their popular Deer in the Yard videos, documenting their unusual relationship with a wild deer herd. His writing and graphic work has graced the publications of Paul Krassner, Robert Anton Wilson and others. He was a close friend to Robert Anton Wilson, and has helped his daughter Christina since the passing of her father in their shared goal of honoring RAW's inspiring amor and hilaritas.

**Kindness remains,  
to me,  
the most  
wonderful miracle  
in this  
incomprehensible  
universe.**
